The department may require such grants or loans to be made on a matching fund basis. Any city that receives funding from the business extension service team fund may use up to [five] **ten** percent of such grant or loan for administrative costs. As used in this subdivision, "economically blighted urban districts" means areas which meet all of the following criteria:

(1) The area is one of pervasive poverty, unemployment, and general distress;

(2) The area is located wholly within an area which meets the requirements for federal assistance under Section 119 of the Housing and Community Development Act of 1974, as amended;

(3) At least sixty-five percent of the residents living in the area have incomes below eighty percent of the median income of all residents within the state of Missouri according to the last decennial census or other appropriate source as approved by the director of the department of economic development;

(4) The resident population of the area is at least four thousand at the time of designation as an economically blighted urban district. If the population of the jurisdiction of the governing authority does not meet the minimum population requirements set forth in this subdivision, the population of the area must be at least fifty percent of the population of the jurisdiction; and

(5) The level of unemployment of persons, according to the most recent data available from the division of employment security or from the United States Bureau of Census and approved by the director of the department of economic development, within the area exceeds one and one-half times the average rate of unemployment for the state of Missouri over the previous twelve months, or the percentage of area residents employed on a full-time basis is less than fifty percent of the statewide percentage of residents employed on a full-time basis.

2. The department of economic development may use a percentage of the moneys in the fund established in subsection 1 of this section to directly contract with community development corporations established pursuant to section 135.400, RSMo, for the provision of job training or for creating or retaining jobs in any area meeting the criteria outlined in subsection 1 of this section.

3. All moneys remaining in the business extension service team fund at the end of the fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, RSMo, but shall remain in the business extension service team fund."

On motion of Representative Days, **House Amendment No. 8** was adopted.

## House Journal

First Regular Session, 90th General Assembly

FORTY-FOURTH DAY, Tuesday, March 30, 1999

Speaker Gaw in the Chair.

Prayer by Reverend Rudy Beard.

O Gracious God, in the midst of the complicated situations of our life and the unsolved problems of our world, we pray that You will deliver us from any sense of futility.

Bless our nation, and fortify all who work for peace. Grant a swift and just conclusion to the hostilities in Kosovo. We pray for the safe return of those in our armed forces who are engaged there.

And bless this House, strengthen them in the conviction that Your power is more than adequate for our difficulties, and Your love is never limited by our vision. And to You be glory and honor forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Thomas Vincent, Ashley Grimm, James Hughes, Brittany Sawyer, Sarah Spaulding, Sarah Agan, Savannah Renfroe, Kristen White, Kevin McInnis, Kayla Offill, Mikka Bailey, Jenna Schwan, Dennis Gould, Katy Faaborg, Mike Faaborg, Tim George, Michael McHugh, Amanda Sanfilippo, Jane Nagle, Kevin Looney, Christopher Plender, Crystal Brigman, Jessica Jenkins, Jared Cantrell, David Brammell, Elizabeth Buncher, Chris Clubine, Ryan Phillips, Stacey Strange, Holly Regier, Jasmina Taletovic, Cathryn Richardson, Christine Richardson, Ashley Byrne and Alison Boresi.

"147.010. 1. For the transitional year defined in subsection 4 of this section and each taxable year beginning on or after January 1, 1980, **but before January 1, 2000**, every corporation organized [under] **pursuant** or subject to chapter 351,

RSMo, or [under] **pursuant to** any other law of this state shall, in addition to all other fees and taxes now required or paid, pay an annual franchise tax to the state of Missouri equal to one-twentieth of one percent of the par value of its outstanding shares and surplus if its outstanding shares and surplus exceeds two hundred thousand dollars, or if the outstanding shares of such corporation or any part thereof consist of shares without par value, then, in that event, for the purpose herein contained, such shares shall be considered as having a value of five dollars per share unless the actual value of such shares should exceed five dollars per share, in which case the tax shall be levied and collected on the actual value and the surplus if the actual value and the surplus exceeds two hundred thousand dollars. If such corporation employs a part of its outstanding shares in business in another state or country, then such corporation shall pay an annual franchise tax equal to one-twentieth of one percent of its outstanding shares and surplus employed in this state if its outstanding shares and surplus employed in this state exceeds two hundred dollars, and for the purposes of this chapter, such corporation shall be deemed to have employed in this state that proportion of its entire outstanding shares and surplus that its property and assets employed in this state bears to all its property and assets wherever located. A foreign corporation engaged in business in this state, whether under a certificate of authority issued [under] **pursuant to** chapter 351, RSMo, or not, shall be subject to this section. Any corporation whose outstanding shares and surplus as calculated above does not exceed two hundred thousand dollars shall state that fact on a form prescribed by the secretary of state. **For all taxable years beginning on or after January 1, 2000, each corporation shall be allowed a credit of \$500 against any franchise tax due, subject to approval by the department of economic development. The department of economic development shall approve the credit unless there is a determination, upon consultation with the secretary of state or any other state agency, that the corporation is not in good standing in the State of Missouri. The department of economic development shall monitor tax credits issued pursuant to this section and shall report annually to the general assembly the total amount of all credits approved. For each taxable year beginning on or after January 1, 2000, every corporation subject to franchise tax pursuant to this chapter or any other law of this state shall, in addition to all other fees and taxes now required or paid, pay an annual franchise tax to the state of Missouri equal to one-twenty-fifth of one percent of the par value of its outstanding shares and surplus if its outstanding shares and surplus exceeds one million dollars, or if the outstanding shares of such corporation or any part thereof consist of shares without par value, then, in that event, for the purpose herein contained, such shares shall be considered as having a value of five dollars per share unless the actual value of such shares should exceed five dollars per share, in which case the tax shall be levied and collected on the actual value and the surplus if the actual value and the surplus exceeds one million dollars. If such corporation employs a part of its outstanding shares in business in another state or country, then such corporation shall pay an annual franchise tax equal to one-twenty-fifth of one percent of its outstanding shares and surplus employed in this state if its outstanding shares and surplus employed in this state exceeds one million dollars, and for the purposes of this chapter, such corporation shall be deemed to have employed in this state that proportion of its entire outstanding shares and surplus that its property and assets employed in this state bears to all its property and assets wherever located. Any corporation whose outstanding shares and surplus as calculated above does not exceed one million dollars shall state that fact on a form prescribed by the secretary of state. Such franchise tax shall not exceed fifty thousand dollars for any particular corporation.**

2. This law shall not apply to corporations not organized for profit, nor to corporations organized [under] **pursuant to** the provisions of chapter 349, RSMo, nor to express companies, which now pay an annual tax on their gross receipts in this state, nor to insurance companies, which pay an annual tax on their premium receipts in this state, nor to electric and telephone corporations organized [under] **pursuant to** chapters 351, RSMo, and 392, RSMo, prior to January 1, 1980, which have been declared tax exempt organizations [under] **by** section 501(c) of the Internal Revenue Code of 1986, nor for taxable years beginning after December 31, 1986, to banking institutions subject to the annual franchise tax imposed by sections 148.010 to 148.110, RSMo; but bank deposits shall be considered as funds of the individual depositor left for safekeeping and shall not be considered in computing the amount of tax collectible [under] **prescribed by** the provisions of this chapter.

3. A corporation's "taxable year" for purposes of this chapter shall be its taxable year as provided in section 143.271, RSMo.

4. A corporation's "transitional year" for the purposes of this chapter shall be its taxable year which includes parts of each of the years 1979 and 1980.

5. The franchise tax payable for a corporation's transitional year shall be computed by multiplying the amount otherwise due for that year by a fraction, the numerator of which is the number of months between January 1, 1980, and the end of the taxable year and the denominator of which is twelve. Such reports, however, may be made available at any time to the director of revenue and the director of revenue will maintain their confidentiality."

Any contract or arrangement, if made or entered into after the effective date of this section, in which the person, firm or corporation conducting the examination agrees or has an understanding with the taxing authority that all or part of the compensation paid or payable will be waived or otherwise not paid if there is no assessment or no collection of tax or if less than a certain amount is assessed or collected is void and unenforceable.

#### House Resolution No. 313

WHEREAS, the Missouri House of Representatives has a long tradition of rendering assistance to those programs aimed at developing outstanding qualities of both citizenship and leadership; and

WHEREAS, the legislative interns of the Missouri General Assembly are interested in gaining an insight into the democratic process by conducting a mock legislative forum in the House Chamber; and

WHEREAS, one of the purposes of the Missouri General Assembly's intern program is to give college students participating in the program a working knowledge of the operation and function of Missouri's legislative bodies in order to better prepare them to pursue related career goals and to fulfill their roles as active and responsible citizens:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninetieth General Assembly, hereby grant the participants of the Legislative and State Official Intern Program permission to use the House Chamber for the purpose of conducting their 1999 Mock Legislative Session from 10:00 a.m. until 1:00 p.m. on Tuesday, April 6 and Monday, April 12, 1999.

**Committee on Rules, Joint Rules, and Bills Perfected and Printed**, Chairman Crump reporting:

Mr. Speaker: Your Committee on Rules, Joint Rules, and Bills Perfected and Printed, to which was referred **HR 366**, begs leave to report it has examined the same and recommends that it **Do Not Pass pursuant to Rule 29f**.

House Resolution No. 366

WHEREAS, on February 4, 1999, the Governor submitted Reorganization Plan No. 1 to the General Assembly; and

WHEREAS, Sections 26.500 to 26.540, RSMo, adopted in 1967, authorize the Governor to reorganize executive departments without prior approval from the General Assembly; and

WHEREAS, disapproval must occur within 60 days or by April 5, 1999, and may be accomplished through adoption of a resolution by one house; and

WHEREAS, a change of this magnitude should not be undertaken without a full hearing in committee and debate of the full House of Representatives; and

WHEREAS, the proposal to sever the Employment Security Division from the Unemployment Insurance Division and move the Employment Security Division to the Department of Economic Development is contrary to national trends to consolidate workforce development systems and could affect Missouri's ability to receive future grants; and

WHEREAS, separating the Division of Employment Security from the Unemployment Insurance Division would not achieve workforce development program consolidation; and

WHEREAS, the U.S. Department of Labor requires that the Division of Employment Security's services be universally accessible to all customers and the Department of Economic Development's Division of Job Development and Training is designed to serve selected economically disadvantaged and dislocated workers; and

WHEREAS, administrative barriers associated with moving the Division of Employment Security to the Department of Economic Development are substantial and unnecessary; and

WHEREAS, the Department of Labor and Industrial Relations has fifty years of experience matching employers who need workers with job ready workers; and

WHEREAS, the Department of Labor and Industrial Relations has a proven history of preparing citizens to enter the workforce and/or enhance their career skills; and

WHEREAS, the federal Workforce Investment Act of 1998 grants extraordinary power to the State Executive Branch, including but not limited to, the sole authority to develop, approve and direct state plans, predict future available jobs at the state and local levels, determine the training necessary to fill these predicted job slots, decide who will provide the training, and oversee the management of the One-Stop Delivery Systems all to the exclusion of input from the Legislative Branch; and

WHEREAS, this new system will not streamline government but will result in a huge new bureaucracy which greatly expands the power and control of the federal government and infringes on state's rights with no authority or oversight from the Legislative Branch; and

WHEREAS, implementation of this new system may result in unknown additional costs to taxpayers for increased services, i.e., expanded counseling, pre-vocational services, taxpayer subsidy of job training services for employer's "Customized Job Training" services, and additional administrative costs; and

WHEREAS, the Department of Labor and Industrial Relations has demonstrated success in providing workforce assistance to Missouri citizens:

NOW, THEREFORE, BE IT RESOLVED by the House of Representatives of the Ninetieth General Assembly, First Regular Session, that Reorganization Plan No. 1, issued by Governor Mel Carnahan on February 4, 1999, and read in the House on

February 4, 1999, be disapproved.

**Committee on Urban Affairs**, Chairman Thompson reporting:

Mr. Speaker: Your Committee on Urban Affairs, to which was referred **HB 347**, begs leave to report it has examined the same and recommends that it **Do Pass**.

#### **MESSAGE FROM THE SENATE**

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted: **SCR 12**.

#### Senate Concurrent Resolution No. 12

WHEREAS, one of the state's highest duties is to protect and promote the well-being of its smallest citizens; and

WHEREAS, there were 230 abortions for every 1000 live births in 1996, over one-half of which were performed for women age twenty-four or younger; and

WHEREAS, the National Council for Adoption estimates the national number of adoptions of infants two years or younger to be approximately 25,000 a year; and

WHEREAS, Missouri generally represents approximately two per-cent of most broad based national statistics, which would result in a calculation of 500 infant adoptions annually, and in 1994, the Department of Health recorded 308 infant adoptions; and

WHEREAS, according to such a calculation, this state experiences thirty-four abortions for each infant adoption, despite the existence of many individuals who are willing and indeed waiting to adopt infants in this state; and

WHEREAS, there is a need to understand the basis for the disproportionate estimated number of abortions to adoptions, in order to assist in the formulation of an effective policy to facilitate a greater number of adoptions and to discourage abortions; and

WHEREAS, this type of understanding would be fostered by the creation of a panel to study the issue in depth, and to determine how best to initiate a statewide public information program to inform citizens of the advantages of adoption as an alternative to abortion;

NOW THEREFORE BE IT RESOLVED that the members of the Senate, Ninetieth General Assembly, the House of Representatives concurring therein, hereby establish the "Adoption Trends and Policies Panel" to be composed of fifteen members. The members shall consist of two Senators appointed by the President Pro Tem of the Senate, representing each political party, two state Representatives appointed by the Speaker of the House, representing each of the major political parties, the Director of the Department of Social Services or designee, and the Director of the Department of Health or designee and nine citizen members appointed by the Governor; and

BE IT FURTHER RESOLVED that said panel conduct an in-depth study and make appropriate recommendations concerning measures to determine the basis for the disproportionate estimated number of abortions to adoptions, formulate a policy to facilitate a greater number of adoptions and to discourage abortions, determine how best to establish a statewide public information program to inform citizens of the advantages of adoption as an alternative to abortion, and any other issues the committee deems relevant;

BE IT FURTHER RESOLVED that the panel prepare a report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly no later than December 15, 1999; and

BE IT FURTHER RESOLVED that the panel may solicit any input and information necessary to fulfill its obligations, to the Department of Health, Department of Social Services, and representatives of private and public agencies and citizen groups formed to address issues concerning adoption and abortion; and

BE IT FURTHER RESOLVED that the Committee on Legislative Research, Senate Research and House Research shall provide such legal, research, clerical, technical and bill drafting services as the panel may require in performance of its duties; and

BE IT FURTHER RESOLVED that the actual and necessary expenses of the executive branch members be paid out of the respective department funds and the actual and necessary expenses of the remaining panel, its members and any staff personnel assigned to the committee incurred in attending meetings of the panel shall be paid from the Joint Contingent Fund; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution to be delivered to the Governor.

In which the concurrence of the House is respectfully requested.

WHEREAS, the General Assembly has a long tradition of rendering assistance to those programs aimed at developing outstanding qualities of both citizenship and leadership; and

WHEREAS, the Missouri Jaycees is planning to conduct its Thirty-second Mock Legislature at our State Capitol during November 6 and 7, 1999; and

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninetieth General Assembly, hereby grant the Missouri Jaycees permission to use the House Chamber for the purpose of conducting its Thirty-second Annual Mock Legislature during the dates of November 6 and 7, 1999.

House Resolution No. 66

WHEREAS, one hundred fifty years have now passed since the greatest tragedy in Irish history occurred: The Great Irish Famine, also known as An Gorta Mor, the Great Starvation, the Great Hunger, the Irish Potato Blight, the Potato Famine, and the Great Irish Hunger; and

WHEREAS, this catastrophic five-year period between 1845 and 1850 in which millions of Irish people perished or emigrated was due to mass starvation precipitated by a recurring potato crop failure and worsened by acts of the British government which ignored the plight of the people; and

WHEREAS, the thousands upon thousands of bodies which required burial in a short period of time necessitated creation of the "sliding coffin", a hinged coffin which was used to transport the deceased to the graveyard where it would be placed over a huge pit, its bottom would drop, and the victim would fall into the common grave below; and

WHEREAS, Ireland lost nearly one half of its population during this dreadful famine, a catastrophe of astronomic proportions which needs to be examined and discussed in the public schools of Missouri in an effort to reaffirm the commitment of free people of all nations to eradicate the causes of famine that exist in the modern world and to engender an appreciation for Irish Americans; and

WHEREAS, many of the Irish immigrated to the Show-Me State where they distinguished themselves by their great contributions to the formation of Missouri, a long list of remarkable individuals which includes Joseph Charles who in 1808 founded the first newspaper west of the Mississippi River, the *Missouri Gazette*; and

WHEREAS, it would be in the best interests of Missouri's public school students for the State Board of Education to prepare and make available to all school boards instructional materials that can be used as guidelines for the development of a unit of instruction on the Irish Famine:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninetieth General Assembly, unanimously join in expressing our support of the inclusion of a unit of instruction studying the causes and effects of mass starvation in mid-nineteenth century Ireland in every public elementary school and high school curriculum in Missouri; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Missouri Department of Elementary and Secondary Education.

Mr. Speaker: Your Committee on Miscellaneous Bills and Resolutions, to which was referred **HR 193**, begs leave to report it has examined the same and recommends that it **Do Pass**.

House Resolution No. 193

WHEREAS, the General Assembly of the State of Missouri has a long tradition of rendering assistance to worthwhile youth activities, especially those related to governmental or citizenship projects; and

WHEREAS, the Jefferson City Downtown Rotary Club has sought to instill values of high integrity within our youth and to provide an opportunity for Missouri students to experience state government firsthand; and

WHEREAS, the General Assembly has maintained a policy of granting such organizations permission to use the House Chamber for beneficial purposes; and

WHEREAS, this year, the Downtown Rotary Club is sponsoring its annual Student Government Day, an event which will be highlighted by a meeting in the House Chambers at our State Capitol, where the students in attendance will be addressed by a representative of each of the three branches of government:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninetieth General Assembly, hereby grant the Jefferson City Rotary Club permission to use the House Chamber for the purpose of conducting its Student Government Day on April 5, 1999, from 10:00 a.m. until 11:30 a.m.

#### House Resolution No. 200

WHEREAS, the Missouri General Assembly has compiled a long tradition of rendering assistance to those programs aimed at developing exemplary qualities of citizenship and leadership within our youth; and

WHEREAS, the Missouri Girls State program of the American Legion Auxiliary has earned considerable recognition for its success in providing young women with a unique and valuable insight into the processes of democratic government through a format of direct role playing experience; and

WHEREAS, during June 20-26, 1999, the American Legion Auxiliary, Department of Missouri, will conduct the 58th annual session of Missouri Girls State; and

WHEREAS, an important highlight of this event will be conducting a mock legislative session in the House Chamber at our State Capitol, where participants gather each year to gain a more realistic insight into official governmental and electoral proceedings:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninetieth General Assembly, hereby grant the adult leaders and participants of the 58th Session of Missouri Girls State permission to use the House Chamber for the purpose of swearing in mock legislative officials on the afternoon of June 22, 1999, from 1:15 p.m. to 3:15 p.m.

#### Senate Concurrent Resolution No. 11

WHEREAS, Missouri is and will continue to be a leading agricultural state; and

WHEREAS, there exists a variety of farm-related businesses providing goods and services to Missourians engaged in agriculture that are also facing economic distress resulting from the distress of their primary market; and

WHEREAS, federal policies and laws affecting agriculture have an immediate and direct impact on Missouri's farmers and agricultural industries;

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate of the Ninetieth General Assembly, the Missouri House of Representatives concurring therein, respectfully request the federal government to take all necessary and appropriate action to support those businesses existing to provide the goods and services necessary to farm operations; and

**Whereas**, 1946 proved to be a magical year for Fletcher Daniels, for that is when he married his beloved Sybil R. Daniels and embarked upon a career with the U.S. Postal Service which would last until his retirement thirty years later and would see him rise to positions of leadership as President of Local 906 of the National Alliance of Postal and Federal Employees and as Ninth Region President; and

**Whereas**, a strong proponent of the Civil Rights movement, Fletcher Daniels participated in the March on Washington in 1963, played a leading role on the Community Committee for Social Action which was influential in winning public accommodation in Kansas City, helped to establish a postal workers union, and often picketed post offices by himself; and

**Whereas**, known for his compassionate advocacy for the poor and for universal, high-quality education, Representative Fletcher Daniels is survived by his wife and a host of friends and colleagues:

**Now, therefore, be it resolved** that we, the members of the Missouri House of Representatives, Ninetieth General Assembly, join unanimously to extend our most heartfelt condolences to Sybil Daniels at the loss of her beloved Fletcher and to the many individuals whose lives he touched through his diverse, community-oriented work down through the years; and

**Be it further resolved** that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution in honor of the late Representative Fletcher Daniels.

On motion of Speaker Gaw, Rule 63 was suspended and **HR 560** was adopted by the following vote:

House Concurrent Resolution No. 19

Relating to the "Share the Harvest" program.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

WHEREAS, through the "Share the Harvest" program, hunters donate approximately thirty thousand pounds of venison annually to those in need; and

WHEREAS, through the generosity of these hunters, seventy-seven approved charitable organizations, spread throughout the state of Missouri, have received venison to distribute to needy families and individuals; and

WHEREAS, deer is a valuable source of protein but is unusually low in fat and many families and individuals have no dependable source of protein in their diets; and

WHEREAS, the program is a safe and healthy way for these individuals to get protein in their diet, because all participating deer processors must be licensed by the Department of Conservation and inspected by the United States Department of Agriculture; and

WHEREAS, the hunter normally pays the processing fee and more hunters would donate more venison to more needy families, if there were other sources of funds to pay the processing cost:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby call for the Missouri Department of Conservation and the Department of Social Services to develop a partnership with the private sector to provide funds to pay for the processing costs for those hunters who donate their venison to charity through the "Share the Harvest" program; and

BE IT FURTHER RESOLVED that the Department of Conservation actively promote the Share the Harvest Program in coordination with the Conservation Federation of Missouri and other organizations to provide additional awareness of the

304.157. 1. If a person abandons property, as defined in section 304.001, on any real property owned by another without the consent of the owner or person in possession of the property, at the request of the person in possession of the real property, any member of the state highway patrol, state water patrol, sheriff, or other law enforcement officer within his jurisdiction may authorize a towing company to remove such abandoned property from the property in the following circumstances:

(1) The abandoned property is left unattended for more than forty-eight hours; or

(2) In the judgment of a law enforcement officer, the abandoned property constitutes a safety hazard or unreasonably interferes with the use of the real property by the person in possession.

2. The owner of real property or lessee **or property or security manager** in lawful possession of the real property may authorize a towing company to remove abandoned property **or property parked in a restricted or assigned area** without authorization by a law enforcement officer only when the owner, lessee or [agent] **property or security manager** of the real property is present [and]. **A property or security manager must be a full-time employee of a business entity. (2) The abandoned property is on private property and lacks an engine, transmission, wheels, tires, doors, windshield or any other major part or equipment necessary to operate safely on the highways, the owner or lessee of the private property has notified the city police or county sheriff, as appropriate, and ninety-six hours have elapsed since that notification; or

(3) The abandoned property is left unattended on private property, and the owner, lessee or agent of the real property in lawful possession of real property has notified the appropriate law enforcement agency, and ten days have elapsed since that notification.

3. Pursuant to this section, any owner or lessee in lawful possession of real property that requests a towing company to tow abandoned property without authorization from a law enforcement officer shall within one hour of the tow file an abandoned property report with the appropriate law enforcement agency where the property is located. The report shall contain the following:

The department of revenue may design and make available to police agencies throughout the state a uniform "Authorization to Tow" form. The form shall contain lines for time, date, location, descriptive information of the vehicle, reason for towing, the tow operator and company and signature of authorizing officer. The cost of the forms shall be determined by the department of revenue. The completed form shall be issued by the authorizing officer to the tow operator for that company's records as proof of authorization to tow a particular vehicle.

4. The law enforcement agency receiving such abandoned property report must record the date the abandoned property report is filed with such agency and within five days of such filing make an inquiry into the national crime information center and any statewide Missouri law enforcement computer system to determine if the abandoned property has been reported as stolen. The law enforcement agency shall enter the information pertaining to the towed property into the statewide enforcement computer system. The department of revenue may design and sell to towing companies informational brochures outlining owner or lessee of real property obligations pursuant to this section.

5. Such mirrors may only extend the distance necessary to provide the required field of view before the appurtenances were attached."**; and

Further amend said bill, Page 3, Section 304.170, Line 58, by inserting after the phrase "stinger-steered combinations" the following: **"shall include a semitrailer length not to exceed fifty-three feet and"**.

First Regular Session, 90th General Assembly

FORTY-SEVENTH DAY, Tuesday, April 6, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Gracious God, as we pray, help us to place our actions in harmony with Your will. We are ashamed that we have done so little with so much, yet we press on to do better. Give us a sense of what is vital in life, lest we squander our days on inflated trifles. Bless our nation. Bless our state. Bless this House. And to You be glory and honor, now and forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Emily Rigdon, Emily Sessner, Ryan Simmons, Sommer McCauley, Margaret Gambaro, Catherine Gambaro, Derio Gambaro, Marissa Hogan, Breenae Washington, Brittany Umstead, Charity Jones, Emily James, Kevin Kelly, Aaron Loida, Jessica VonderHaar, Kevin Martens, Trey Glaus, Ashton Scheulen, Lacey Scheulen and Jadrian Rathert.

**HCR 10.**

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCR 13.**

Senate Concurrent Resolution No. 13

WHEREAS, many states and localities, based upon provisions of the Social Security Act, have affiliated with the Social Security System and developed excellent retirement and related programs that include both Social Security benefits and benefits from the respective state or local government pension plan; and

WHEREAS, other states and localities, in reliance upon the voluntary affiliation provisions, have not elected to participate in Social Security and have developed independent and excellent programs of retirement and related benefits; and

WHEREAS, the 105th Congress of the United States considered provisions to address the long-range funding issues of the Social Security System; and

WHEREAS, in considering such long-range funding issues, the 105th Congress of the United States considered legislation that would mandate Social Security coverage upon states and localities and their employees who have elected not to participate in Social Security; and

WHEREAS, the 106th Congress of the United States is expected to consider the issue of mandating Social Security coverage upon such employees of states and localities; and

WHEREAS, imposition of mandated Social Security coverage upon states, localities and their employees would create substantial cost pressures, necessitating rapid and ill-considered changes in plan design, including the possible abandonment of existing programs; and

WHEREAS, mandating Social Security coverage upon employees of states and localities who have elected not to participate in the Social Security System would increase expenses of such states and localities, which could result in an increase of taxes to citizens of such states and localities; and

WHEREAS, the inclusion of states, localities and their employees in the Social Security System would not solve the System's long-range funding problems; and

WHEREAS, serious constitutional questions are raised by the imposition of mandatory Social Security coverage of states, localities and their employees:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate of the Ninetieth General Assembly, the House of Representatives concurring therein, that it record strong opposition to mandatory Social Security coverage for public employees of state and local governments; and

BE IT FURTHER RESOLVED that the members of the Missouri Senate of the Ninetieth General Assembly, the House of Representatives concurring therein, hereby support the affiliation of states, localities and their employees with Social Security and Medicare only by means of a voluntary referendum; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Missouri Congressional delegation.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SCS SCR 15.**

Senate Committee Substitute

for

Senate Concurrent Resolution No. 15

WHEREAS, the elk industry is a nine million dollar business in Missouri and the state has more than one hundred elk farms with over one thousand elk; and

WHEREAS, over a third of Missouri's counties have domestic elk herds and Missouri has the honor of being the site of the international headquarters of the North American Elk Breeders Association, as well as, the North American Elk Research Council, Inc.; and

WHEREAS, Missouri is the Midwest's top elk trading state and according to Missouri law, elk are classified as livestock which enables elk farming without a special permit; and

WHEREAS, the Department of Conservation has indicated it may support the reestablishment of wild elk herds in Missouri; and

WHEREAS, the unregulated breeding and gathering of wild elk herds in Missouri could be a safety risk since there is no natural food chain for elk in Missouri and there are no natural predators to control wild elk; and

WHEREAS, wild elk herds carry various diseases common to wild animals which can harm domestic elk livestock and such wild elk can cause damage to fences and crops; and

WHEREAS, since the elk is the largest member of the cervidac (deer) family, the presence of wild elk herds may present a hazard to motorists:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate of the Ninetieth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby ask the Conservation Commission and the Department of Conservation to reconsider any movement toward establishing wild elk herds in Missouri; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the members of the Conservation Commission and the Director of the Department of Conservation.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SCR 18**.

Senate Concurrent Resolution No. 18

WHEREAS, the United States Constitution requires an actual enumeration of the population every ten years, and entrusts Congress with overseeing all aspects of each decennial enumeration; and

WHEREAS, the sole constitutional purpose of the decennial census is to apportion the seats in Congress among the several states; and

WHEREAS, an accurate and legal decennial census is necessary to properly apportion United States House of Representatives seats among the 50 states and to create legislative districts within the states; and

WHEREAS, an accurate and legal decennial census is necessary to enable states to comply with the constitutional mandate of drawing state legislative districts within the states; and

WHEREAS, Article I, Section 2 of the United States Constitution, in order to ensure an accurate count, and to minimize the potential for political manipulation, mandates an "actual enumeration" of the population, which requires a physical headcount of the population and prohibits statistical guessing or estimates of the population; and

WHEREAS, Title 13, Section 195 of the United States Code, consistent with this constitutional mandate, expressly prohibits the use of statistical sampling to enumerate the United States population for the purpose of reapportioning the United States House of Representatives; and

WHEREAS, legislative redistricting conducted by the states is a critical subfunction of the constitutional requirement to apportion representatives among the states; and

WHEREAS, the United States Supreme Court, in No. 98-404, *Department of Commerce, et al. v. United States House of Representatives, et al.*, together with No. 98-564, *Clinton, President of the United States, et al. v. Glavin, et al.*, ruled on January 25, 1999, that the Census Act prohibits the Census Bureau's proposed uses of statistical sampling in calculating the population for purposes of apportionment; and

WHEREAS, in reaching its findings, the United States Supreme Court found that the use of statistical procedures to adjust census numbers would create a dilution of voting rights for citizens in legislative redistricting, thus violating legal guarantees of "one person, one vote"; and

WHEREAS, consistent with this ruling and the constitutional and legal relationship of legislative redistricting by the states to the apportionment of the United States House of Representatives, the use of adjusted census data would raise serious questions of vote dilution and violate "one person, one vote" legal protections, thus exposing the State of Missouri to protracted litigation over legislative redistricting plans to great cost to the taxpayers of the State of Missouri, and likely result in a court ruling invalidating any legislative redistricting plan using census numbers that have been determined in whole or in part by the use of random sampling techniques or other statistical methodologies that add or subtract persons to the census counts based solely on statistical inference; and

WHEREAS, consistent with this ruling, no person enumerated in the census should ever be deleted from the census enumeration; and

WHEREAS, consistent with this ruling, every reasonable and practical effort should be made to obtain the fullest and most accurate count of the population as possible, including appropriate funding for state and local census outreach and education

programs, as well as a provision for post census local review:

NOW, THEREFORE, BE IT RESOLVED, that the Missouri Senate, Ninetieth General Assembly, First Regular Session, the House of Representatives concurring therein, calls on the Bureau of the Census to conduct the 2000 decennial census consistent with the aforementioned United States Supreme Court ruling and constitutional mandate, which require a physical headcount of the population and bars the use of statistical sampling to create, or in any way adjust the count; and

BE IT FURTHER RESOLVED that the Missouri Senate, Ninetieth General Assembly, First Regular Session, the House of Representatives concurring therein, opposes the use of P.L. 94-171 data for state legislative redistricting based on census numbers that have been determined in whole or in part by the use of statistical inferences derived by means of random sampling techniques or other statistical methodologies that add or subtract persons to the census counts; and

BE IT FURTHER RESOLVED that the Missouri Senate, Ninetieth General Assembly, First Regular Session, the House of Representatives concurring therein, demands that it receive P.L. 94-171 data for legislative redistricting identical to the census tabulation data used to apportion seats in the United States House of Representatives consistent with the aforementioned United States Supreme Court ruling and constitutional mandate, which require a physical headcount of the population and bars the use of statistical sampling to create, or in any way adjust the count; and

BE IT FURTHER RESOLVED that the Missouri Senate, Ninetieth General Assembly, First Regular Session, the House of Representatives concurring therein, urges Congress, as the branch of government assigned the responsibility of overseeing the decennial enumeration, to take whatever steps are necessary to ensure that the 2000 decennial census is conducted fairly and legally; and

BE IT FURTHER RESOLVED that the secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, Majority Leader of the United States Senate, and the Vice President and President of the United States.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SCS SB 386**, entitled:

An act to repeal sections 362.247, 362.680, 362.925, 362.930, 365.010, 365.020, 456.040, 475.092 and 511.030, RSMo 1994, and sections 143.471, 362.275, 362.550, 362.610, 408.035, 456.520 and 475.093, RSMo Supp. 1998, relating to banking, and to enact in lieu thereof eighteen new sections relating to the same subject.

In which the concurrence of the House is respectfully requested.

## House Journal

First Regular Session, 90th General Assembly

FORTY-EIGHTH DAY, Wednesday, April 7, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Our Kind and Gracious God, increase our confidence in the power of love to conquer hate, and increase our patience to accept and work through conflict as a way of reaching peace.

We have so many words, yet it is Your Word that finally matters in all we do.

Give us faith to believe that when You want us to do, or not do, a particular thing you have a way of letting us know.

Keep working on us, we pray, we do know You are not finished with us yet. And to You be all honor, forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jared Clark, Andrew Frank, Andrew Braun, Nicholas Grant, William Walker, Cameron Horine, Chris Enss, Caleb Streeter, Sherika Rice, Raquel Oliver, Michael Woods, Kelvin Gilmer, Denny J. Merideth IV and Kristofer D. Merideth.

The Journal of the forty-seventh day was approved as corrected.

"For purposes of sections 376.771, 376.772, 376.774"; and

Further amend said bill, Page 91, Section 376.773.3, Line 18, by inserting after all of said line the following:

**376.774.1. This section shall apply to individual policies of accident and sickness insurance.**

**2. As used in this section:**

(1) "Block of business" means a particular form of individual policy of accident and sickness insurance issued by an insurer to one or more individuals which includes distinct benefits, services and terms.

(2) "Closed block of business" means a block of business which an insurer ceases to actively offer or sell to new applicants.

**3. No block of business shall be closed by an insurer unless:**

(1) The insurer permits existing contract holders to purchase a contract from any block of business that is not closed and which provides comparable benefits, services and terms, with no additional underwriting requirement or waiting period;

(2) the insurer pools the experience of the closed block of business with all appropriate blocks of business that are not closed for the purpose of determining the premium rate of any contract within the closed block, with no rate penalty or surcharge beyond that which reflects the experience of the combined pool; and

(3) if an insurer does not offer or sell any block of business which provides comparable benefits, services and terms comparable to the closed block of business, paragraphs (1) and (2) shall not apply. If a block of business providing benefits, services and terms comparable to the closed block of business becomes available within 24 months of the notice to the director, such block shall be open to any contract holder in accordance with the provisions of subdivisions (1) and (2). The insurer shall provide notice to the director in writing within 30 days of its decision to close a block of business or, in the absence of an actual decision to close a block of business, within 30 days of its determination that a block of business is within one of the presumptions set forth in subsection four.

**4. Unless an insurer presents evidence satisfactory to the director that such a presumption is or would be incorrect, a block of business shall be presumed closed if either of the following circumstances exist:**

(1) there has been an overall reduction in that block of 12% in the number of in-force contracts for a period of 12 months; or

(2) that block has less than 500 in-force contracts in this state.

The presumption that applies in the circumstances of subdivision (2) of subsection four shall not apply to a block of business initiated within the previous 24 months, but notification of that block of business shall be provided to the director pursuant to subsection five. The fact that a block of business does not meet one of the presumptions set forth in this subsection shall not preclude a determination that it is closed as defined in subdivision (2) of subsection two.

**5. An insurer shall notify the director in writing within 30 days of its decision to close a block of business or, in the absence of an actual decision to close a block of business, within 30 days of its determination that a block of business is within one of the presumptions set forth in subsection four. When the insurer decides to close a block of business, the written notice to the director shall fully disclose all information required for compliance with subsection three. When the insurer determines that a block of business is within a presumption of subsection three, the written notice to the director shall fully disclose all information required for compliance with a presumption of subsection three. In the case of either notice, the insurer shall provide additional information within 15 business days after a request by the director. This subsection shall not apply to an insurer which does not have available a block of business which provides comparable benefits, services and terms comparable to the closed block of business and which has complied with the notice requirements pursuant to subdivision (3) of subsection three.**

5. An insurer shall preserve for a period of not less than five years in an identified location which is readily accessible for review by the director, all books and records relating to any action taken by an insurer pursuant to subsection three.

6. No insurer shall offer or sell any contract, or provide misleading information about the active or closed status of a block of business, for the purpose of evading this section."

AMEND Senate Bill No. 414, Page 6, Section 142.875, Line 27, by inserting immediately thereafter the following language in 142.896.1(3)

If a distributor qualifies under subsection 3 of section 142.851, and was not required to have a bond posted under the predecessor act, then such distributor may elect to either post the bond as set out in this subsection or participate in a cash bond as set out below. The cash bond shall be held by the director in a "Motor Fuel Bond Trust Fund", which is hereby created, for the benefit of the participating distributors. The bond shall be used solely for the purpose of preventing a loss to the state for motor fuel taxes, surcharges and fees not paid. No distributor shall have any claim or fights against the fund as a separate person. Contributions to the fund will be made at the rate [of one-fourth of one percent of the prevailing motor fuel tax rate until such fund equals one-fourth of one percent of the prior year's motor fuel tax collections] **as defined in regulations set by the Director of Revenue**. Contributions will be remitted by the participating distributors through the suppliers under the same procedures as set out for remitting of motor fuel taxes set out in this chapter. The director shall notify the suppliers of which distributors have elected to participate, when the contributions are required and when the fund has reached its maximum. At that time no further contributions will be required until the fund has been depleted to [one-eighth of one percent of prior year's motor fuel tax collections] **the minimum amount established by regulation**, at which time the director shall notify the distributors and suppliers to resume contributions at the [above] rate **as defined by regulation**. In the event the director has made a demand for payment from a participating distributor in this fund, and such demand has not been satisfied within ninety days, the director shall use the cash bond to satisfy the delinquency. Such action shall not affect the liability of the distributor for the tax or prevent the director from taking other actions permitted by this chapter.

And inserting immediately after 142.908 on page 7 on House Bill No. 680, the following 3 sections:

**142.955. The director or any person designated by the director may, in the enforcement of this chapter, conduct investigations he or she deems necessary.**

**142.957. The director may prescribe the forms upon which reports are made to the director and other forms and information the director deems necessary in the enforcement of this chapter, and may require periodic submission of information from any person dealing in, transporting or storing motor fuel.**

**142.960. A person who violates any provision of this chapter, including, but not limited to, the failure to obtain required licenses or permits, or fails to keep records as prescribed herein, or neglects, fails or refuses to allow the director, his or her authorized agents or the Missouri Highway Patrol to inspect an item of equipment or records, or who fails, neglects or refuses to pay the tax due is guilty of a misdemeanor and may be punished as prescribed as prescribed by law. Any person who violates any of the provisions of this section, with the purpose to defraud, is guilty of a class D felony.**

## House Journal

First Regular Session, 90th General Assembly

FORTY-NINTH DAY, Thursday, April 8, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Walter Simpson, First Christian Church of Eldon.

O God, before whose face all nations rise and fall, and by whose will and governments govern. We humbly bow before You today, acknowledging our total dependance upon You.

Out of chaos You brought forth order and created the world. In Your infinite wisdom, You so patterned the disarray in such a way that life appeared and developed. Your presence maintains and sustains that life. Make us aware in our arrogance, that we are dependent on You.

By egotism, our world is filled with chaos and confusion. Bring order out of the chaos, even as You did in creation. Our national life is full of chaos and cynicism, build harmony and integrity within our land even as You built a world of harmony and integrity in creation.

Where confusion overtakes our state, let it be replaced with harmony, even as confusion was crowded out by clarity and continuity in creation.

In this body of men and women of good will, replace differences with consensus, and the resolve to provide the highest good for those who live under their care, even as in creation You gave us the highest good.

We will praise You by world and action. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Sierra Helm, Nathan Bacon, Ali Brown, Tamala Watkins, Frances Terry, Danielle Elliott, Alex Bishop, David C. DeSplinter, Adam M. for

House Concurrent Resolution No. 29

Relating to the Packers and Stockyards Act.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

WHEREAS, the agricultural markets of the United States are largely controlled by the corporate entities engaged in the processing, handling and marketing of grains and livestock; and

WHEREAS, four companies process nearly fifty percent of the pork produced for retail sale in the United States and four companies produce nearly ninety percent of the beef produced for retail sale in the United States; and

WHEREAS, the pending purchase of the grain unit of Continental Grain Company by Cargill Inc., will create an entity controlling in excess of forty percent of all United States corn exports, thirty-four percent of soybean exports and twenty percent of wheat exports; and

WHEREAS, this level of concentration is a significant factor in the low state of market prices for grain and livestock in Missouri:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby call upon the Congress of the United States to:

1. Investigate and publicize the degree of concentration in the livestock and grain processing industry in the United States and in Missouri;
2. Investigate the degree of which processing companies compete or fail to compete for supplies of livestock and grain from farmers, with particular attention to the question of whether these companies have created no-competition zones;
3. Provide sufficient personnel and resources for effective enforcement of the federal Packers and Stockyards Act by the United States Department of Agriculture;

Senate Concurrent Resolution No. 16

WHEREAS, the Food Quality Protection Act of 1996 was signed into law on August 3, 1996, by President Clinton; and

WHEREAS, the Food Quality Protection Act establishes new safety standards that pesticides must meet to be newly registered or remain on the market; and

WHEREAS, the Food Quality Protection Act requires the Environmental Protection Agency to ensure that all pesticide tolerances meet these new Food Quality Protection Act standards by reassessing one-third of the 9,700 existing pesticide tolerances by August, 1999, and all existing tolerances in ten years; and

WHEREAS, the Food Quality Protection Act changes the types of information the Environmental Protection Agency is required to evaluate in the risk assessment process for establishing tolerances for pesticide residues in food and feed; and

WHEREAS, the Food Quality Protection Act was to assure that pesticide tolerances and policies are formulated in an open and transparent manner; and

WHEREAS, the Food Quality Protection Act further emphasizes the need for reliable information about the volume and types of pesticides being applied to individual crops and what residues can be anticipated on these crops; and

WHEREAS, risk estimates based on sound science and reliable, real-world data are essential to avoid misguided decisions, and the best way for the Environmental Protection Agency to obtain these data is to require data submission by the registrant through the data call-in process; and

WHEREAS, the implementation of the Food Quality Protection Act by the Environmental Protection Agency could have a profound negative impact on domestic agricultural production, and on consumer food prices and availability if products are removed from the market solely because of insufficient data; and

WHEREAS, the removal of these products will result in fewer pest control options for the United States and Missouri and could significantly disrupt successful integrated pest management programs which would be devastating to the economy of our state and jeopardize the very livelihood of many of our agricultural producers; and

WHEREAS, the removal of products because of a lack of information will result in fewer pest control options for urban and suburban uses, with potential losses of personal property, damage to valuable recreational areas and managed green space and increased human health concerns;

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate of the Ninetieth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby ask that Congress direct the Environmental Protection Agency to immediately initiate appropriate public rulemaking to ensure that the policies, standards and procedures it intends to apply in reassessing existing pesticide tolerances are subject to public notice and comment prior to final tolerance determinations being made by the agency; and

BE IT FURTHER RESOLVED that the Environmental Protection Agency use sound science and real-world data from the data call-in process in establishing realistic models for evaluating risks; and

BE IT FURTHER RESOLVED that Congress direct the Environmental Protection Agency to implement the Food Quality Protection Act in a manner that will not disrupt agricultural production nor negatively impact the availability, diversity, and affordability of food, threaten public health or diminish the quality of valuable recreational areas and managed green spaces; and

BE IT FURTHER RESOLVED that Congress immediately conduct oversight hearings to ensure that actions by the Environmental Protection Agency are consistent with the Food Quality Protection Act provisions and Congressional intent; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the Missouri Congressional delegation and to the administrator of the Environmental Protection Agency.

## House Journal

First Regular Session, 90th General Assembly

FIFTIETH DAY, Monday, April 12, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Ralph Robinett, Sergeant at Arms.

Dear Heavenly Father,

As we awoke today, You blessed us with a beautiful day that we take for granted. You showed us last week that we can not take every day for granted.

Our thoughts and prayers go out to the people in Miller, Cole and Osage counties who were the victims of the violent tornado last Thursday. Sometimes You shake us to get our attention and remind us that we live in a constantly changing world and that You are the one who never changes, but are the solid rock and foundation in our world. Thank You for being our keeper and the blessings You have given us. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-ninth day was approved as corrected.

"302.505. 1. The department shall suspend or revoke the license of any person upon its determination that the person was arrested upon probable cause to believe such person was driving a motor vehicle while the alcohol concentration in the person's blood, breath, or urine was [ten-hundredths] **eight-hundredths** of one percent or more by weight, based on the definition of alcohol concentration in section 302.500, or where such person was less than twenty-one years of age when stopped and was stopped upon probable cause to believe such person was driving while intoxicated in violation of section 577.010, RSMo, or driving with excessive blood alcohol content in violation of section 577.012, RSMo, or upon probable cause to believe such person violated a state, county or municipal traffic offense and such person was driving with a blood alcohol content of two-hundredths of one percent or more by weight.

2. The department shall make a determination of these facts on the basis of the report of a law enforcement officer required in section 302.510, and this determination shall be final unless a hearing is requested and held. If a hearing is held, the department shall review the matter and make a final determination on the basis of evidence received at the hearing.

3. The determination of these facts by the department is independent of the determination of the same or similar facts in the adjudication of any criminal charges arising out of the same occurrence. The disposition of those criminal charges shall not affect any suspension or revocation under this section.

302.510. 1. Except as provided in subsection 3 of this section, a law enforcement officer who arrests any person for a violation of any state statute related to driving while intoxicated or for a violation of a county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol related traffic offense, and in which the alcohol concentration in the person's blood, breath, or urine was [ten-hundredths] **eight-hundredths** of one percent or more by weight or two-hundredths of one percent or more by weight for anyone less than twenty-one years of age, shall forward to the department a verified report of all information relevant to the enforcement action, including information which adequately identifies the arrested person, a statement of the officer's grounds for belief that the person violated any state statute related to driving while intoxicated or was less than twenty-one years of age and was driving with two-hundredths of one percent or more by weight of alcohol in the person's blood, or a county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol related

traffic offense, a report of the results of any chemical tests which were conducted, and a copy of the citation and complaint filed with the court.

2. The report required by this section shall be made on forms supplied by the department or in a manner specified by regulations of the department.

3. A county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol related traffic offense may not be the basis for suspension or revocation of a driver's license pursuant to sections 302.500 to 302.540, unless the arresting law enforcement officer, other than an elected peace officer or official, has been certified by the director of the department of public safety pursuant to the provisions of sections 590.100 to 590.180, RSMo.

302.520. 1. Whenever the chemical test results are available to the law enforcement officer while the arrested person is still in custody, and where the results show an alcohol concentration of [ten-hundredths] **eight-hundredths** of one percent or more by weight of alcohol in such person's blood or where such person is less than twenty-one years of age and the results show that there is two-hundredths of one percent or more of alcohol in the person's blood, the officer, acting on behalf of the department, shall serve the notice of suspension or revocation personally on the arrested person.

2. When the law enforcement officer serves the notice of suspension or revocation, the officer shall take possession of any driver's license issued by this state which is held by the person. When the officer takes possession of a valid driver's license issued by this state, the officer, acting on behalf of the department, shall issue a temporary permit which is valid for fifteen days after its date of issuance and shall also give the person arrested a notice which shall inform the person of all rights and responsibilities pursuant to sections 302.500 to 302.540. The notice shall be in such form so that the arrested person may sign the original as evidence of receipt thereof. The notice shall also contain a detachable form permitting the arrested person to request a hearing. Signing the hearing request form and mailing such request to the department shall constitute a formal application for a hearing.

3. A copy of the completed notice of suspension or revocation form, a copy of any completed temporary permit form, a copy of the notice of rights and responsibilities given to the arrested person, including any request for hearing, and any driver's license taken into possession pursuant to this section shall be forwarded to the department by the officer along with the report required in section 302.510.

4. The department shall provide forms for notice of suspension or revocation, for notice of rights and responsibilities, for request for a hearing and for temporary permits to law enforcement agencies.

302.541. 1. In addition to other fees required by law, any person who has had a license to operate a motor vehicle suspended or revoked following a determination, pursuant to section 302.505, or section 577.010, 577.012, 577.041 or 577.510, RSMo, or any county or municipal ordinance, where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney, that such person was driving while intoxicated or with a blood alcohol content of [ten-hundredths] **eight-hundredths** of one percent or more by weight or, where such person was at the time of the arrest less than twenty-one years of age and was driving with a blood alcohol content of two-hundredths of one percent or more by weight, shall pay an additional fee of twenty-five dollars prior to the reinstatement or reissuance of the license.

2. Any person less than twenty-one years of age whose driving privilege has been suspended or revoked solely for a first determination pursuant to sections 302.500 to 302.540 that such person was driving a motor vehicle with two-hundredths of one percent or more blood alcohol content is exempt from filing proof of financial responsibility with the department of revenue in accordance with chapter 303, RSMo, as a prerequisite for reinstatement of driving privileges or obtaining a restricted driving privilege as provided by section 302.525."; and

Further amend said bill, Page 106, Section 575.110, Line 7 of said page, by inserting after all of said line the following:

"577.012. 1. A person commits the crime of "driving with excessive blood alcohol content" if such person operates a motor vehicle in this state with [ten-hundredths] **eight-hundredths** of one percent or more by weight of alcohol in such person's blood.

2. As used in this section, percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood or two hundred ten liters of breath and may be shown by chemical analysis of the person's blood, breath, saliva or urine. For the purposes of determining the alcoholic content of a person's blood under this section, the test shall be conducted in accordance with the provisions of sections 577.020 to 577.041.

3. For the first offense, driving with excessive blood alcohol content is a class C misdemeanor.

577.037. 1. Upon the trial of any person for violation of any of the provisions of section 565.024, RSMo, or section 565.060, RSMo, or section 577.010 or 577.012, or upon the trial of any criminal action or violations of county or municipal ordinances or in any license suspension or revocation proceeding pursuant to the provisions of chapter 302, RSMo, arising out of acts alleged to have been committed by any person while driving a motor vehicle while in an intoxicated condition, the amount of alcohol in the person's blood at the time of the act alleged as shown by any chemical analysis of the person's blood, breath, saliva or urine is admissible in evidence and the provisions of subdivision (5) of section 491.060, RSMo, shall not prevent the admissibility or introduction of such evidence if otherwise admissible. If there was [ten-hundredths] **eight-hundredths** of one percent or more by weight of alcohol in the person's blood, this shall be prima facie evidence that the person was intoxicated at the time the specimen was taken.

2. Percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood or grams of alcohol per two hundred ten liters of breath.

3. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was intoxicated.

4. A chemical analysis of a person's breath, blood, saliva or urine, in order to give rise to the presumption or to have the effect provided for in subsection 1 of this section, shall have been performed as provided in sections 577.020 to 577.041 and in accordance with methods and standards approved by the state department of health.

5. Any charge alleging a violation of section 577.010 or 577.012 or any county or municipal ordinance prohibiting driving while intoxicated or driving under the influence of alcohol shall be dismissed with prejudice if a chemical analysis of the defendant's breath, blood, saliva, or urine performed in accordance with sections 577.020 to 577.041 and rules promulgated thereunder by the state department of health demonstrate that there was less than [ten-hundredths] **eight-hundredths** of one percent of alcohol in the defendant's blood unless one or more of the following considerations cause the court to find a dismissal unwarranted:

(1) There is evidence that the chemical analysis is unreliable as evidence of the defendant's intoxication at the time of the alleged violation due to the lapse of time between the alleged violation and the obtaining of the specimen;

(2) There is evidence that the defendant was under the influence of a controlled substance, or drug, or a combination of either or both with or without alcohol; or

(3) There is substantial evidence of intoxication from physical observations of witnesses or admissions of the defendant."

**2. As used in this section, the following terms mean:**

(1) "Child", a person less than eighteen years of age;

(2) "Loaded firearm", a firearm as defined in section 571.010, in which there is an unexpended cartridge or shell, consisting of a case which holds a charge of powder and a bullet or shot in or attached in any manner to the firearm, including in the firing chamber, magazine, or clip thereof attached to the firearm, except that a muzzle-loader firearm shall be deemed to be loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinder;

(3) "Locked container", a secure container which is fully enclosed and locked by a padlock, key lock, combination lock, or similar locking device, but not including the utility or glove compartment of a motor vehicle unless such utility or glove compartment is securely locked by a key lock or similar locking device.

4. Except as provided in subsection 5 of this section, a person commits the crime of criminal storage of a firearm in the second degree if the person keeps any loaded firearm where the person knows or reasonably should know that a child is likely to gain access to the firearm without the supervision of the child's parent or legal guardian and the child obtains access to the firearm and thereby causes injury, other than serious physical injury, to himself or any other person, or possesses the firearm in a public place.

5. Subsections 3 and 4 of this section shall not apply whenever:

(1) The child obtains the firearm as a result of an illegal entry to any premises by any person;

(2) The firearm is kept in a locked container or in a location which a reasonable person would believe to be secure, including but not limited to a cabinet designed for the safe holding and storage of firearms;

7. Criminal storage of a firearm in the second degree is a class A misdemeanor.

8. If a person who allegedly violated this section is the parent or guardian of a child who is injured or who dies as the result of an accidental shooting, the prosecuting attorney shall consider, among other factors, the impact of the injury or death on the person alleged to have violated this section when deciding whether to prosecute an alleged violation of this section. A parent or guardian of a child who is injured or who dies as the result of an accidental shooting shall be prosecuted only in those instances in which the parent or guardian behaved in a grossly negligent manner or where similarly egregious circumstances exist. This subsection shall not otherwise restrict in any manner the factors that a prosecuting attorney may consider when deciding whether to prosecute alleged violations of this section.

In addition, a law enforcement officer shall consider the health status of a child who suffers serious physical injury as the result of an accidental shooting prior to arresting a person for a violation of this section, if the person to be arrested is the parent or guardian of the injured child. Law enforcement officers shall delay the arrest of a parent or guardian of a seriously injured child while the child remains on life-support equipment or is in a similarly critical medical condition.

10. In any action or trial commenced pursuant to this section, the fact that the person who allegedly violated this section attended a firearm safety training course prior to the purchase of the firearm that is obtained by a child in violation of this section shall be admissible.

11. A violation of this section may not by itself:

Further amend said bill, Page 94, Section 558.019, after Line 21 of said page, by inserting after all of said line the following:

"565.006. 1. At any time before the commencement of the trial of a homicide offense, the defendant may, with the assent of the court, waive a trial by jury and agree to submit all issues in the case to the court, whose finding shall have the force and effect of a verdict of a jury. Such a waiver must include a waiver of a trial by jury of all issues and offenses charged in the case, including the punishment to be assessed and imposed if the defendant is found guilty.

2. No defendant who pleads guilty to a homicide offense or who is found guilty of a homicide offense after trial to the court without a jury shall **be sentenced to death. No defendant who pleads guilty to a homicide offense or who is found guilty of a homicide offense after trial to the court without a jury shall** be permitted a trial by jury on the issue of the punishment to be imposed, except by agreement of the state.

3. If a defendant is found guilty of murder in the first degree after a jury trial in which the state has not waived the death penalty, the defendant may not waive a jury trial of the issue of the punishment to be imposed[, except by agreement with the state and the court].

4. Any waiver of a jury trial and agreement permitted by this section shall be entered in the court record.

565.020. 1. A person commits the crime of murder in the first degree if [he] **the person** knowingly causes the death of another person after deliberation upon the matter.

2. Murder in the first degree is a class A felony, and the punishment shall be either death or imprisonment for life without eligibility for probation or parole, or release except by act of the governor; except that[,]:

**(1) If a person has not reached [his] such person's** sixteenth birthday at the time of the commission of the crime[.]; **or**

**(2) If a defendant waives such defendant's right to a jury trial and pleads guilty;**

the punishment shall be imprisonment for life without eligibility for probation or parole, or release except by act of the governor."; and

Further amend said bill, Page 95, Section 565.024, Line 6 of said page, by inserting after all of said line the following:

"565.030. 1. Where murder in the first degree is charged but not submitted or where the state waives the death penalty, the submission to the trier and all subsequent proceedings in the case shall proceed as in all other criminal cases with a single stage trial in which guilt and punishment are submitted together.

2. Where murder in the first degree is submitted to the [trier] **jury** without a waiver of the death penalty, the trial shall proceed in two stages before the same [trier] **jury**. At the first stage the [trier] **jury** shall decide only whether the defendant is guilty or not guilty of any submitted offense. The issue of punishment shall not be submitted to the [trier] **jury** at the first stage. If an offense is charged other than murder in the first degree in a count together with a count of murder in the first degree, the trial judge shall assess punishment on any such offense according to law, after the defendant is found guilty of such offense and after [he] **the judge** finds the defendant to be a prior offender pursuant to chapter 558, RSMo.

3. If murder in the first degree is submitted and the death penalty was not waived but the [trier] **jury** finds the defendant guilty of a lesser homicide, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. No further evidence shall be received. [If the trier is a jury it] **The jury** shall be instructed on the law. The attorneys may then argue as in other criminal cases the issue of punishment, after which the [trier] **jury** shall assess and declare the punishment as in all other criminal cases.

4. If the [trier] **jury** at the first stage of a trial where the death penalty was not waived finds the defendant guilty of murder in the first degree, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. Evidence in aggravation and mitigation of punishment, including but not limited to evidence supporting any of the aggravating or mitigating circumstances listed in subsection 2 or 3 of section 565.032, may be presented subject to the rules of evidence at criminal trials. Such evidence may include, within the discretion of the court, evidence concerning the murder victim and the impact of the crime upon the family of the victim and others. Rebuttal and surrebuttal evidence may be presented. The state shall be the first to proceed. [If the trier is a jury it] **The jury** shall be instructed on the law. The attorneys may then argue the issue of punishment to the jury, and the state shall have the right to open and close the argument. The [trier] **jury** shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor:

**(1) If the [trier] jury** does not find beyond a reasonable doubt at least one of the statutory aggravating circumstances set out in subsection 2 of section 565.032; or

**(2) If the [trier] jury** does not find that the evidence in aggravation of punishment, including but not limited to evidence supporting the statutory aggravating circumstances listed in subsection 2 of section 565.032, warrants imposing the death sentence; or

(3) If the [trier] **jury** concludes that there is evidence in mitigation of punishment, including but not limited to evidence supporting the statutory mitigating circumstances listed in subsection 3 of section 565.032, which is sufficient to outweigh the evidence in aggravation of punishment found by the [trier] **jury**; or

(4) If the [trier] **jury** decides under all of the circumstances not to assess and declare the punishment at death.

[If the trier is a jury it] **The jury** shall be so instructed. If the [trier] **jury** assesses and declares the punishment at death it shall, in its findings or verdict, set out in writing the aggravating circumstance or circumstances listed in subsection 2 of section 565.032 which it found beyond a reasonable doubt. [If the trier is a jury it] **The jury** shall be instructed before the case is submitted that if it is unable to decide or agree upon the punishment the court shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor [or death. The court shall follow the same procedure as set out in this section whenever it is required to determine punishment for murder in the first degree].".

## House Journal

First Regular Session, 90th General Assembly

FIFTY-FIRST DAY, Tuesday, April 13, 1999

Representative Smith in the Chair.

Prayer by Representative Mike Schilling.

The world doesn't need super men or women, but super-natural people. People who will turn the self out of their lives and let Divine Power work through them. Let inspiration take the place of aspiration. Seek to grow spiritually, rather than to acquire fame and riches. Our chief ambition should be to be used by God. The Divine Force is sufficient for all the spiritual work in the world. God only needs the instruments for God's use. God's instruments can remake the world.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Micaela Arth, Bethany Price, Kaitlyn Sutton, Collin Berry, Cody Gaither, Ben Bostic, Rachel Hengst, Jessie Essner, Molly Hochwall, Kristin Mueller, Bill Zimmerman, Andrew Goldstein, Rebecca Fouts, Trent Hargrove, Katie McGrory, Michael Saena, Rachel Sharples, Rafay Asrar, Zachary Weaver, Joi Pickett, Hannah Wilson, Tori Harvey, Justin Bino, Abby Wilson, Nikki Anderson, James Friederich, Erin Barnes, Angela Dawn Nitchals, Shay Camper, Alysia Max, Ben Greene, Shannon Quinn and Tony Ambriz.

The Journal of the fiftieth day was approved as corrected.

Within the limits provided in this section, the department may negotiate reciprocal compacts with licensing entities of other states for the admission of licensed surety recovery agents from Missouri in other states.

374.786. 1. Every person licensed pursuant to sections 374.782 to 374.789 shall, on or before the license renewal date, apply to the department for a licensure renewal for the ensuing licensing period. The application shall be made on a form furnished to the applicant and shall state the applicant's full name, the applicant's business address, the address at which the applicant resides, the date the applicant first received a license and the applicant's surety recovery agent identification number, if any.

2. A blank form for the application for licensure renewal shall be mailed to each person licensed in this state at the person's last known address. The failure to mail the form of application or the failure of a person to receive it does not, however, relieve any person of the duty to be licensed and to pay the license fee required nor exempt such person from the penalties provided for failure to be licensed.

3. Each applicant for licensure renewal shall accompany such application with a licensure renewal fee to be paid to the department for the licensing period for which licensure renewal is sought.

374.787. 1. The department may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621, RSMo, against any surety recovery agent or any person who has failed to renew or has surrendered his or her license for any one or any combinations of the following causes:

(1) Violation of any provisions of, or any obligations imposed by, the laws of this state, department of insurance rules and regulations, or aiding or abetting other persons to violate such laws, orders, rules or regulations;

(2) Having been convicted of a felony or crime involving moral turpitude;

(3) Using fraud, deception, misrepresentation or bribery in securing a license or in obtaining permission to take any examination required by sections 374.782 to 374.789;

(4) Obtaining or attempting to obtain any compensation as a surety recovery agent by means of fraud, deception or misrepresentation;

(5) Acting as a surety recovery agent or aiding or abetting another in acting as a surety recovery agent without a license;

(6) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions of duties of a surety recovery agent;

(7) Having revoked or suspended any license by another state.

2. After the filing of the complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621, RSMo. Upon a finding by the administrative hearing commission that one or more of the causes stated in subsection 1 of this section have been met, the department may suspend or revoke the license or enter into an agreement for a monetary or other penalty pursuant to section 374.280.

3. In lieu of filing a complaint with the administrative hearing commission, the department and the surety recovery agent may enter into an agreement for a monetary or other penalty pursuant to section 374.280.

4. In addition to any other remedies available, the department may issue a cease and desist order or may seek an injunction in a court of law pursuant to section 374.046 whenever it appears that any person is acting as a surety recovery agent without a license.

374.788. A surety recovery agent having probable grounds to believe a subject, free on their bond, has failed to appear as directed by a court, has breached the terms of the subject's surety agreement or has taken a substantial step toward absconding, may utilize all lawful means to arrest the subject. To surrender a subject to a court a licensed surety recovery agent, having probable grounds to believe the subject is free on their bond, may:

(1) Detain a subject in a reasonable manner, for a reasonable time not to exceed seventy-two hours;

(2) Transport a subject in a reasonable manner from state to state and county to county to a place of authorized surrender; and

(3) Peacefully enter upon private or public property in a reasonable manner to execute an arrest of a subject.

374.789. 1. A person is guilty of a class D felony if he or she does not hold a valid surety recovery agent's license or a bail bondsman's license and commits any of the following acts:

(1) Holds himself or herself out to be a licensed surety recovery agent within this state;

(2) Claims that he or she can render surety recovery agent services; or

(3) Engage in fugitive recovery in this state.

2. Any person who engages in fugitive recovery in this state and wrongfully causes damage to any person or property, including, but not limited to, trespass, unlawful arrest, unlawful detainment or assault, shall be liable for

such damages and may be liable for punitive damages."

A county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol related traffic offense may not be the basis for suspension or revocation of a driver's license pursuant to sections 302.500 to 302.540, unless the arresting law enforcement officer, other than an elected peace officer or official, has been certified by the director of the department of public safety pursuant to the provisions of sections 590.100 to 590.180, RSMo.

302.520. 1. Whenever the chemical test results are available to the law enforcement officer while the arrested person is still in custody, and where the results show an alcohol concentration of [ten-hundredths] **eight-hundredths** of one percent or more by weight of alcohol in such person's blood or where such person is less than twenty-one years of age and the results show that there is two-hundredths of one percent or more of alcohol in the person's blood, the officer, acting on behalf of the department, shall serve the notice of suspension or revocation personally on the arrested person.

2. When the law enforcement officer serves the notice of suspension or revocation, the officer shall take possession of any driver's license issued by this state which is held by the person. When the officer takes possession of a valid driver's license issued by this state, the officer, acting on behalf of the department, shall issue a temporary permit which is valid for fifteen days after its date of issuance and shall also give the person arrested a notice which shall inform the person of all rights and responsibilities pursuant to sections 302.500 to 302.540. The notice shall be in such form so that the arrested person may sign the original as evidence of receipt thereof. The notice shall also contain a detachable form permitting the arrested person to request a hearing. Signing the hearing request form and mailing such request to the department shall constitute a formal application for a hearing.

3. A copy of the completed notice of suspension or revocation form, a copy of any completed temporary permit form, a copy of the notice of rights and responsibilities given to the arrested person, including any request for hearing, and any driver's license taken into possession pursuant to this section shall be forwarded to the department by the officer along with the report required in section 302.510.

4. The department shall provide forms for notice of suspension or revocation, for notice of rights and responsibilities, for request for a hearing and for temporary permits to law enforcement agencies.

302.541. 1. In addition to other fees required by law, any person who has had a license to operate a motor vehicle suspended or revoked following a determination, pursuant to section 302.505, or section 577.010, 577.012, 577.041 or 577.510, RSMo, or any county or municipal ordinance, where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney, that such person was driving while intoxicated or with a blood alcohol content of [ten-hundredths] **eight-hundredths** of one percent or more by weight or, where such person was at the time of the arrest less than twenty-one years of age and was driving with a blood alcohol content of two-hundredths of one percent or more by weight, shall pay an additional fee of twenty-five dollars prior to the reinstatement or reissuance of the license.

2. Any person less than twenty-one years of age whose driving privilege has been suspended or revoked solely for a first determination pursuant to sections 302.500 to 302.540 that such person was driving a motor vehicle with two-hundredths of one percent or more blood alcohol content is exempt from filing proof of financial responsibility with the department of revenue in accordance with chapter 303, RSMo, as a prerequisite for reinstatement of driving privileges or obtaining a restricted driving privilege as provided by section 302.525.

577.012. 1. A person commits the crime of "driving with excessive blood alcohol content" if such person operates a motor vehicle in this state with [ten-hundredths] **eight-hundredths** of one percent or more by weight of alcohol in such person's blood.

2. As used in this section, percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood or two hundred ten liters of breath and may be shown by chemical analysis of the person's blood, breath, saliva or urine. For the purposes of determining the alcoholic content of a person's blood under this section, the test shall be conducted in accordance with the provisions of sections 577.020 to 577.041.

3. For the first offense, driving with excessive blood alcohol content is a class C misdemeanor."; and

The operator of an insured motor vehicle shall exhibit the insurance identification card on the demand of any peace officer, commercial vehicle enforcement officer or commercial vehicle inspector who lawfully stops such operator or investigates an accident while that officer or inspector is engaged in the performance of the officer's or inspector's duties. If the operator fails to exhibit an insurance identification card [, the officer or inspector shall notify the director of revenue, in the manner determined by the director, and the officer or inspector] **and beginning July 1, 2001, if the officer's or inspector's check of the motor vehicle's license number in the motorist insurance identification database as provided in sections 1 and 2 of this act reveals that the owner of such motor vehicle is not currently maintaining liability insurance in compliance with this chapter the officer or inspector** may issue a citation to the operator pursuant to subsection 6 of this section. A motor vehicle liability insurance policy, a motor vehicle liability insurance binder, or receipt which contains the policy information required in subsection 2 of this section, shall be satisfactory evidence of insurance in lieu of an insurance identification card **or the motorist insurance identification database**.

However, no person shall be found guilty of violating this section if the operator demonstrates to the court that he or she met the financial responsibility requirements of section 303.025 at the time the peace officer, commercial vehicle enforcement officer or commercial vehicle inspector wrote the citation.

303.026. 1. The director shall inform each owner who registers a motor vehicle of the following:

- (1) The existence of the requirement that every motor vehicle owner in the state must maintain his **or her** financial responsibility;
- (2) The requirement that every motor vehicle owner show an insurance identification card, or a copy thereof, or other proof of financial responsibility **such as insurance information contained in the motorist insurance identification database** at the time of vehicle registration; this notice shall be given at least thirty days prior to the month for renewal and shall be shown in bold, colored print;
- (3) The penalties which apply to violations of the requirement to maintain financial responsibility;

(4) The benefits of maintaining coverages in excess of those which are required;

(5) The director's authority to conduct samples of Missouri motor vehicle owners to insure compliance.

2. No motor vehicle owner shall be issued registration for a vehicle unless the owner, or [his] **such owner's** authorized agent, signs an affidavit provided by the director of revenue at the time of registration of the vehicle certifying that such owner has and will maintain, during the period of registration, financial responsibility with respect to each motor vehicle that is owned, licensed or operated on the streets or highways. The affidavit need not be notarized, but it shall be acknowledged by the person processing the form. The affidavit shall state clearly and in bold print the following: "Any false affidavit is a crime [under] **pursuant to** section 575.050 of Missouri law." In addition, every motor vehicle owner shall show proof of such financial responsibility by presenting his or her insurance identification card, as described in section 303.024, or a copy thereof, or some other proof of financial responsibility [in the form prescribed by the director of revenue] **such as insurance information contained in the motorist insurance identification database** at the time of registration unless such owner registers [his] **such owner's** vehicle in conjunction with a reciprocity agreement entered into by the Missouri highway reciprocity commission pursuant to sections 301.271 to 301.279, RSMo, or unless the owner insures the vehicle according to the requirements of the division of motor carrier and railroad safety pursuant to section 390.126, RSMo.

3. The director shall annually select for financial responsibility verification, a sample of the motor vehicle registrations or licenses which is statistically significant to determine the number of insured motorists in the state of Missouri, or to insure compliance. The director may utilize a variety of sampling techniques including but not limited to the processing of uniform traffic tickets, point system warning letters, and random surveys of motor vehicle registrations. The director of revenue may verify the financial responsibility of any person reported [under] **pursuant to** section 303.040.

4. Upon determination that the information provided by the owner or authorized agent is inaccurate, the director shall notify the owner of the need to provide, within thirty days, information establishing the existence of the required financial responsibility as of the date of such notice. Failure to provide such information shall result in the suspension of all registrations of the owner's motor vehicles failing to meet such requirements, as is provided in section 303.041.

303.041. 1. **If the motorist insurance identification database indicates that the owner of a registered motor vehicle has, regardless of the owner's operation of such motor vehicle, failed to maintain the financial responsibility required in section 303.025 for two consecutive months, the designated agent shall mail a notice to the owner. The owner shall, within twenty-three days of the mailing of the notice, present satisfactory proof of insurance to the designated agent, or the designated agent shall list the owner as uninsured in the motorist insurance identification database.**

2. If the director determines that the operator or owner of a motor vehicle has not maintained the financial responsibility required in section 303.025 as a result of a financial responsibility verification sample as provided for in section 303.026, [or] as a result of an accident report as required by section 303.040, or [either] **as a result of the motorist insurance identification database program as provided in sections 1 to 4 of this act**, the director shall [thirty-three] **twenty-three** days after mailing notice to the owner or operator, suspend the license of the owner or operator, or both, and all registrations of the owner's motor vehicles failing to meet such requirement. The notice of suspension shall be mailed to the person at the last known address shown on the department's records, and to the address provided by the accident report if that address differs from the address of record. The notice is deemed received three days after mailing. The notice of suspension shall clearly specify the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the person to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made.

[2.] 3. If any person shall neglect or refuse to surrender [his] **such person's** license or registration within fifteen days of the suspension or revocation date, a fee of twenty-five dollars shall be assessed for each month or portion thereof that the license or registration is not surrendered, not to exceed three hundred dollars."; and

Further amend said bill, Pages 91 and 92, Section 303.178, Section 303.179, Section E, by deleting all of said sections and inserting in lieu thereof the following:

Any report to the general assembly shall include the current rates of uninsured motorists and the rate of uninsured motorists for fiscal year 2000. The department shall promulgate any rules and regulations necessary to administer and enforce this section. Such rules shall specify the reporting requirements that are necessary and appropriate for and shall be developed with input from the insurers and designated agent. Further amend said bill, Page 2, Section 301.441, Line 19, by inserting after all of said line the following:

**"Section 1. 1. Any motor vehicle owner may receive special license plates for any vehicle the person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of eighteen thousand pounds gross weight as prescribed in this section after an annual payment of an emblem-use authorization fee to a professional sports team which has made an agreement pursuant to subsection 5 of this section. For the purposes of this section a "professional sports team" shall mean an organization located in this state franchised by the National Professional Soccer League, the National Football League, the National Basketball Association, the National Hockey League, the International Hockey League, or the American League or the National League of Major League Baseball or a team playing in Major League Soccer.**

**2. The professional sports team which has made an agreement pursuant to subsection 5 of this section and which receives the emblem-use authorization fee hereby authorizes the use of its official emblem to be affixed on multiyear personalized license plates as provided in this section. Any vehicle owner may annually apply for the use of the emblem. The director of revenue shall not authorize the manufacturer of the material to produce such license plates with the individual seal, logo, or emblem until the department of revenue receives a minimum of one hundred applications for each specific professional sports team.**

**3. Upon annual application and payment of a thirty-five dollar emblem-use contribution to the professional sports team such team shall issue to the vehicle owner, without further charge, an emblem-use authorization statement, which shall be presented by the owner to the director of the department of revenue at the time of registration of a motor vehicle. Upon presentation of the annual statement and payment of a fifteen dollar fee in addition to the regular registration fees, and presentation of other documents which may be required by law, the director shall issue a personalized license plate, which shall bear the official emblem of the professional sports team in a manner determined by the director. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130, RSMo. A fee for the issuance of personalized license plates issued pursuant to section 301.144, RSMo, shall not be required for plates issued pursuant to this section.**

4. A vehicle owner, who was previously issued a plate with a professional sports team emblem authorized by this section but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the professional sports team emblem, as otherwise provided by law.

5. The director of the department of revenue is authorized to make agreements with professional sports teams on behalf of the state which allows the use of any such team's official emblem pursuant to the provisions of this section as consideration for receiving a thirty-five dollar emblem-use contribution.

6. A professional sports team receiving a thirty-five dollar contribution shall forward such contribution, less an amount not in excess of five percent of the contribution for the costs of administration, to the Jackson County Sports Authority or the St. Louis Regional Convention and Visitors Commission. The moneys shall be administered as follows:

(1) The sports authority may retain not in excess of five percent of all funds forwarded to it pursuant to this section for the costs of administration and shall expend the remaining balance of such funds, after consultation with a professional sports team within the authority's area, on marketing and promoting such team. The amount of money expended from the funds obtained pursuant to this section by the authority per professional sports team shall be in the same proportion to the total funds available to be expended on such team as the proportion of contributions forwarded by the team to the authority is to the total contributions received by the authority;

(2) The regional convention and visitors commission shall hold the revenues received from the professional sports teams in the St. Louis area in separate accounts for each team. Each team may submit an annual marketing plan to the commission. Expenses of a team which are in accordance with the marketing plan shall be reimbursed by the commission as long as moneys are available in the account. The commission may retain not in excess of five percent for the costs of administration. If no marketing plan is submitted by a team, the commission shall market and promote the team.

7. The director of the department of revenue shall promulgate rules and regulations for the administration of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo."

## House Journal

First Regular Session, 90th General Assembly

FIFTY-SECOND DAY, Wednesday, April 14, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Representative David Levin.

At this moment I have in my heart a prayer.

As I have assumed my heavy duties, I humbly pray to Almighty God in the words of King Solomon, "Give therefore Thy servant an understanding heart to judge Thy people that I may discern between good and bad; for who is able to judge this Thy so great a people?" I ask only to be a good and faithful servant of my Lord and my people.

O Almighty and Everlasting God, Creator of Heaven, Earth and the universe:

Help me to be, to think, to act what is right, because it is right; make me truthful, honest and honorable in all things; make me intellectually honest for the sake of right and honor and without thought of reward to me. Give me the ability to be charitable, forgiving and patient with my fellow men - help me to understand their motives and their shortcomings - even as thou understandest mine! Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Mandi DeBerry, Jennifer Mareschal, Matthew Mueller, Brett Wallace, Ryan Holtwick, Brent Byrd, Andrew McKenzie, Amanda Kelly, Dara Calhoon, Cody Clemons, J.A. Samson, Michelle Wright, Justin Gorrell, Elizabeth M. Corbet, Gregory Galganski, Jacob Von Harris, Noah Hall Hughes, Caroline Cornelle Seele, Evan McGrain Jordan, Catherine Louise McCarthy, Teresa Micotto, Dustin Louis Weddle, Nicholas Matthew Pingel, Nicholas James Bitikofer, Catherine Anne Bauer, James Harrison Burchett, William Clayton Jayne, Scott Michael Norton, Myron Gray, Claudette Gibson, Michelle Senay, Christy Senay, Jessica Ayers, Amber Moore, Whitney Clawson, Nick Pfeiffer and Bethani King.

any county of the first classification without a charter form of government with a population of not more than eighty-two thousand inhabitants and not less than eighty thousand inhabitants according to the most recent decennial census, as a part of the motor vehicle inspection procedure required by sections 307.350 to 307.390, certain motor vehicles shall be tested to determine that the emissions system is functioning within the emission standards as specified by the Missouri air conservation commission and as required to attain the national health standards for air quality.

2. The provisions of this section shall not apply to:

- (1) Motor vehicles with a manufacturer's gross vehicle weight rating in excess of eight thousand five hundred pounds;

- (7) New motor vehicles not previously titled or registered prior to the initial motor vehicle registration or the next succeeding registration which is required by law;
- (8) Any motor vehicle sold or transferred that at the time of such sale or transfer has an unexpired official form, sticker or other device to evidence that such motor vehicle's emissions control system was inspected and approved; provided that, for any motor vehicle exempted pursuant to this subdivision, the purchaser may return the motor vehicle if the motor vehicle fails, upon the next required inspection, to meet the emissions standards specified by the commission and the seller shall have the motor vehicle inspected and approved without the option for a waiver of the emissions standards and return the vehicle to the purchaser with a valid emissions certificate and sticker within five working days, and provided that, the seller of any vehicle exempted pursuant to this subdivision shall disclose conspicuously on the sales contract and bill of sale that the purchaser has the option to return the motor vehicle if the motor vehicle fails, upon the next required inspection, to meet the emissions standards specified by the commission and to have the seller repair the vehicle and provide an emissions certificate and sticker within five working days or to enter into any mutually acceptable agreement with the seller.**

Each official inspection station which conducts safety or emissions inspections in a city or county referred to in subsection 1 of this section shall indicate the gross vehicle weight rating of the motor vehicle on the safety inspection certificate if the vehicle is exempt from the emissions inspection pursuant to subdivision (1) of this subsection.

3. In addition to the fee authorized by subsection 5 of section 307.365, a fee, not to exceed eight dollars and fifty cents for inspections conducted prior to January 1, 1993, and not to exceed ten dollars and fifty cents for inspections conducted thereafter, as determined by each official safety and emissions inspection station located in any city or county described in subsection 1 of this section, may be charged for an automobile emissions and air pollution control inspection in order to attain the national health standards for air quality. Such fee shall be conspicuously posted on the premises of each such inspection station. The official safety and emissions inspection station shall issue a certificate of inspection and an approval sticker or seal certifying the emissions system is functioning properly. The certificate or approval issued shall bear the legend: "This cost is mandated by your United States Congress." 4. The air conservation commission shall establish, by rule, a waiver amount which may be lower for older model vehicles and which shall be no greater than seventy-five dollars for model year vehicles prior to 1981 and no greater than two hundred dollars for model year vehicles of 1981 and all subsequent model years.

5. An owner whose vehicle fails upon reinspection to meet the emission standards specified by the Missouri air conservation commission shall be issued a certificate of inspection and an approval sticker or seal by the official safety and emissions inspection station that provided the inspection if the vehicle owner furnishes a complete, signed affidavit satisfying the requirements of this subsection and the cost of emissions repairs and adjustments is equal to or greater than the waiver amount established by the air conservation commission pursuant to this section. The air conservation commission shall establish, by rule, a form and a procedure for verifying that repair and adjustment was performed on a failing vehicle prior to the granting of a waiver and approval. The waiver form established pursuant to this subsection shall be an affidavit requiring:

- (1) A statement signed by the repairer that the specified work was done and stating the itemized charges for the work; and
- (2) A statement signed by the inspector that an inspection of the vehicle verified, to the extent practical, that the specified work was done.

In addition, safety and emissions inspection stations may be required to purchase forms for use in automated analyzers from outside vendors of the inspection station's choice. The forms must comply with state regulations.

8. In addition to the fee collected by the superintendent pursuant to subsection 5 of section 307.365, the highway patrol shall collect a fee of seventy-five cents for each automobile emissions certificate issued to the applicable official safety and emissions inspection stations, except that no charge shall be made for certificates of inspection issued to official safety and emissions inspection stations operated by governmental entities. All fees collected by the superintendent pursuant to this section shall be deposited in the state treasury to the credit of the "Missouri Air Pollution Control Fund", which is hereby created.

9. The unexpended balance in the fund at the end of each appropriation period shall not be transferred to the general revenue fund, except as directed by the general assembly by appropriation, and the provisions of section 33.080, RSMo, relating to the transfer of funds to the general revenue fund at the end of the biennium, shall not apply to this fund. The moneys in the fund shall be invested by the treasurer as provided by law, and the interest shall be credited to the fund.

10. The superintendent of the Missouri state highway patrol shall issue such rules and regulations as are necessary to determine whether a motor vehicle's emissions control system is operating as required by subsection 1 of this section, and the superintendent and the state highways and transportation commission shall use their best efforts to seek federal funds from which reimbursement grants may be made to those official inspection stations which acquire and use the necessary testing equipment which will be required to perform the tests required by the provisions of this section.

11. The provisions of this section shall not apply in any county for any time period during which the air conservation commission has established a motor vehicle emissions inspection program pursuant to sections 643.300 to 643.355, RSMo, for such county.

House Committee Substitute

for

House Concurrent Resolutions Nos. 24 & 15

Relating to Missouri's support for a return to the state of any tobacco settlement funds recouped by the federal government.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

WHEREAS, on November 23, 1998, a historic accord was reached between 46 states, U.S. territories, commonwealths and the District of Columbia and tobacco industry representatives that called for the distribution of tobacco settlement funds to states over the next twenty-five years; and

WHEREAS, these funds result from the effort put forth by state attorneys general in which states solely assumed enormous risks and displayed determination to initiate a settlement that will lead to reduced youth smoking and reduced access to tobacco products; and

WHEREAS, in the fall of 1997, states were notified by the U.S. Department of Health and Human Services of its intention to "recoup" the federal match from funds states received through suits brought against tobacco manufacturers; and if such recoupment takes place, the states will lose one-half or more of the tobacco settlement funds; and

WHEREAS, the federal government played no role in the suits brought against tobacco manufacturers or the subsequent settlement agreement and the November 23rd accord makes no mention of Medicaid or federal recoupment; and

WHEREAS, the U.S. Department of Health and Human Services has suspended recoupment activities; and

WHEREAS, we the members of the Ninetieth General Assembly believe that the suspension on the federal government's recoupment of tobacco settlement funds should be converted into an outright prohibition against the federal government recouping any of the tobacco settlement money; and

WHEREAS, we the members of the Ninetieth General Assembly believe that if the federal government recoups any funds received through suits brought against tobacco manufacturers, such recoupment should be immediately returned to the state; and

WHEREAS, to prevent the seizure of state tobacco settlement funds when they become available to the states in 2000, an amendment to the Medicaid statute must be enacted to exempt tobacco settlement funds from recoupment:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby go on record in support of state retention of all state tobacco settlement funds; and

BE IT FURTHER RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby urge the federal government, in the event recoupment occurs, to return upon receipt any tobacco settlement funds recouped from the state; and

BE IT FURTHER RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby urge Congress to enact an amendment to the Medicaid statute that would exempt tobacco settlement funds from recoupment; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the entire Missouri Congressional delegation, the Secretary of the United States Senate and the Clerk of the United States House of Representatives.

*House Amendment No. 23*

AMEND House Substitute for House Committee Substitute for House Bill No. 723, Page 1, Section A, Line 23, by inserting immediately after said line the following:

**"301.142. 1. As used in this section the term "physically disabled" means a natural person who is a blind person, as defined in section 8.700, RSMo, or a natural person with disabilities which limit or impair the ability to walk, as determined by a licensed physician as follows:**

**(1) The person cannot walk fifty feet without stopping to rest; or**

**(2) The person cannot walk without the use of, or assistance from, a brace, cane, crutch, another person, prosthetic device, wheelchair, or other assistive device; or**

**(3) Is restricted by lung disease to such an extent that the person's forced respiratory expiratory volume for one second, when**

measured by spirometry, is less than one liter, or the arterial oxygen tension is less than sixty mm/hg on room air at rest; or

(4) Uses portable oxygen; or

(5) Has a cardiac condition to the extent that the person's functional limitations are classified in severity as class III or class IV according to standards set by the American Heart Association; or

(6) Is severely limited in the applicant's ability to walk due to an arthritic, neurological, or orthopedic condition.

2. "Temporarily disabled person" means a physically disabled person whose disability or incapacity can be expected to last for not more than one hundred eighty days.

3. Owners of motor vehicles who are residents of the state of Missouri, and who are physically disabled, owners of motor vehicles operated at least fifty percent of the time by a physically disabled person, or owners of motor vehicles used to transport physically disabled members of the owner's household may obtain disabled person license plates. Such owners, upon application, accompanied by the documents and fees provided for in this section, and by state motor vehicle laws relating to registration and licensing of motor vehicles shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "disabled" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Handicapped parking places may only be used when a physically disabled occupant is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected by a properly marked vehicle which is parked for the sole use of the physically disabled person. No vehicle shall park in the access aisle. Such parking violation shall be an infraction. The use of a vehicle displaying a disabled license plate or windshield placard to park in a parking space designated for the disabled by a person not transporting the individual for whom the license or placard was issued shall be an infraction. Upon conviction thereof, violators shall be punished by a fine of not less than fifty dollars nor more than three hundred dollars.

4. No additional fee shall be paid to the director of revenue for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "disabled" as prescribed in subsection 3 of this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

5. Any physically disabled person, or the parent or guardian of any such person, or any not for profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard to be hung from the rearview mirror of a parked motor vehicle. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for each removable windshield placard shall be two dollars and the removable windshield placard shall be renewed every year. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard shall be issued to an applicant who has not been issued disabled person license plates. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, one additional temporary windshield placard shall be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to subsection 6 of this section is supplied to the director of revenue at the time of renewal. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when a physically disabled occupant is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected by a properly marked vehicle which is parked for the sole use of the physically disabled person.

6. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section. The physician's statement shall be on a form prescribed by the director of revenue which shall include the physician's license number. If it is the professional opinion of the physician who issues the statement that the physical disability of the applicant, user, or member of the applicant's household is permanent, this shall be noted on the statement. In such instances, the applicant shall present the physician's statement which states that the applicant's disability is permanent to the director of revenue the first time the applicant applies for license plates or a removable windshield placard. The applicant shall not be required to obtain a new physician's statement each time that the applicant applies for or renews license plates or a removable windshield placard; but, the applicant shall present a physician's statement each time the applicant applies for a temporary windshield placard or renews a temporary windshield placard. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield

placard for a period of thirty days. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, RSMo, or the Missouri state board of chiropractic examiners established in section 331.090, RSMo, with respect to physician's statements signed by licensed chiropractors, or the state board of podiatric medicine created in section 330.100, RSMo, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director may, in cooperation with the boards which shall assist the director, establish a list of all physicians' names and of any other information necessary to administer this subsection within the department of revenue if the director determines that such listing is necessary to carry out the provisions of this subsection.

7. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit an affidavit stating this fact, in addition to the physician's statement. The affidavit shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this affidavit with each application for license plates.

8. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons in those states.

9. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of such person shall return the plates or placards or both to the director of revenue under penalty of law. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

10. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be two dollars.

11. Beginning after September 1, 1998, and prior to August 31, 1999, the director of revenue shall authorize a one-time recertification and review of all permanent disabled person license plates and windshield placards, including physician's license numbers and related information that the director has on file pursuant to subsection 6 of this section to determine if such numbers and information are current and correct. The director shall require the presentation of a new physician's statement and other information deemed necessary by the director to administer the provisions of this section. The recertification and review shall be conducted in a manner as determined by the director."; and

Further amend said bill, Page 1, Section A, Line 21, by inserting after the number "302.304," the number "302.309,"; and

Further amend said bill, Page 17, Section 302.304, Line 8 of said page, by inserting after all of said line the following:

"302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303, RSMo.

2. Any operator whose license is revoked [under] **pursuant to** these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts or the director of revenue shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving [privileges] **privilege** shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor

vehicle in connection with any of the following:

- (a) A business, occupation, or employment;
- (b) Seeking medical treatment for such operator;
- (c) Attending school or other institution of higher education;
- (d) Attending alcohol or drug treatment programs; or

(e) Any other circumstance the court or director finds would create an undue hardship on the operator; the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving [privileges] **privilege** the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited [privileges] **privilege**, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303, RSMo. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, RSMo, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303, RSMo, for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303, RSMo, for that vehicle.

(4) The court order or the director's grant of the limited driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points [under the provisions of] **pursuant to** section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle [under the authority of] **pursuant to** a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(5) Except as provided in subdivision (6) of this subsection, no person is eligible to receive [hardship] **a limited** driving privilege **who at the time of application for a limited driving privilege has previously been granted such a privilege within the immediately preceding five years, or** whose license has been suspended or revoked for the following reasons:

(a) A conviction of violating the provisions of section 577.010 or 577.012, RSMo, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b) A conviction of any felony in the commission of which a motor vehicle was used;

(c) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), (10) or (11) of section 302.060;

(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, RSMo, or having left the scene of an accident as provided in section 577.060, RSMo;

(e) Due to a revocation for the first time for failure to submit to a chemical test pursuant to section 577.041, RSMo, or due to a refusal to submit to a chemical test in any other state, if such person has not completed the first ninety days of such revocation;

(f) Violation more than once of the provisions of section 577.041, RSMo, or a similar implied consent law of any other state;

(g) Disqualification of a commercial driver's license pursuant to sections 302.700 to 302.780, however, nothing in this subsection shall prevent a person holding a commercial driver's license who is suspended or revoked as a result of an action occurring while not driving a commercial motor vehicle or driving for pay, but while driving in an individual capacity as an operator of a personal vehicle from applying for [hardship] **a limited** driving [privileges] **privilege** to operate a commercial vehicle, if otherwise eligible for such [hardship] **limited** privilege; or

(h) Due to a suspension pursuant to subsection 2 of section 302.525 and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for limited driving [privileges] **privilege**; or due to a revocation [under] **pursuant to** subsection 2 of section 302.525 if such person has not completed such revocation.

(6) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such

person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of section 302.060, to apply for **a** limited driving [privileges] **privilege** pursuant to this subsection if such person has served at least three years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding three years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state.

(b) **Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of involuntary manslaughter while operating a motor vehicle in an intoxicated condition,** a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years **because of two convictions of driving while intoxicated,** as prescribed in subdivision (10) of section 302.060, to apply for **a** limited driving [privileges] **privilege** pursuant to this subsection if such person has served at least two years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding two years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving [privileges] **privilege** pursuant to the provisions of this subdivision.

4. Any person who has received notice of denial of a request of limited driving [privileges] **privilege** by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving [privileges] **privilege**.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section."

*House Amendment No. 29*

AMEND House Substitute for House Committee Substitute for House Bill No. 723, Page 1, Section A, Line 23, by inserting after said line the following:

" 137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and

possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable real property in the county owned by the person, or under his or her care, charge or management, and all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county of the first classification with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

- (1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and
- (2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word "comparable" means that:

- (a) Such sale was closed at a date relevant to the property valuation; and

- (b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percents of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

- (2) Livestock, twelve percent;

- (3) Farm machinery, twelve percent;

- (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

- (5) Poultry, twelve percent; and

- (6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. **The person may enter the mileage on the statement, in a space provided for that purpose, which any listed motor vehicle has on the date such statement is signed.** The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;

- (2) For real property in subclass (2), twelve percent; and

- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at

the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle. **The assessor shall also consider the mileage of the motor vehicle as listed pursuant to subsection 4 of this section when determining the value of such vehicle or, if no mileage is listed, the assessor shall estimate the vehicle's mileage and consider such estimate when determining such vehicle's value.**

10. If the assessor increases the assessed valuation of any parcel of subclass (1) real property by more than seventeen percent since the last assessment, excluding increases due to new construction or improvements, then the assessor shall conduct a physical inspection of such property."; and

Further amend said bill by amending the title and enacting clause accordingly.

## House Journal

First Regular Session, 90th General Assembly

FIFTY-FOURTH DAY, Monday, April 19, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Greg Higley, Pastor, Immaculate Conception Church, Jefferson City, MO.

Good and Gracious God and Father of All, Source of all blessings in our lives, Creator of every good thing in our world, we praise Your name and give You thanks.

We are grateful for the freedoms and liberties we know and enjoy in our country. We are grateful for the rights and privileges available to us as citizens of Missouri. We are most grateful of the dignities which belong to us as human beings who are called to live as Your children.

Guide the work of this legislative assembly. Make Your wisdom available to the men and women of this Chamber who work for the people of Missouri. Give them courage and strength to exercise their office in a manner which reflects Your parental care and concern for all God's children at home or abroad.

We bring this prayer before You trusting in Your mercy and love. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kristy Burmeister, Lindsey N. Monaco, Lisa A. Monaco, Dana Watkins, Dana Livingston, Marisha Thomas, Brendon Rogers, Karelia Kent, Tiffany Peterson and Elizabeth Peterson.

## House Journal

First Regular Session, 90th General Assembly

FIFTY-FIFTH DAY, Tuesday, April 20, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Our Gracious God, we pray for Your help. We know that prayer is not a substitute for work. And we are expected to do our part. And so we ask You to help us think clearly and to plan carefully.

As we work, give us a measure of patience fitting our need. As we play, give us a measure of humility fitting humanity.

And in all we do, keep us listening to Your voice within our own hearts. Bless this House, and to You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Tiffany Harold, Steve McQuinn, Katie Robertson, Matt Arnold, Austin Stephen, Catherine Gabel, Sonja Jones, Lisa Alam-Shoushtari, David Sauer, Kenneth Sussman, Bob Kueny, Jordan Witt, Katie Booth, Elise Craig, Sara Gwin, Stephanie Henderson, Stephanie Hull, Courtney Nave, K. "379.316. 1. Section 379.017 and sections 379.316 to 379.361 apply to insurance companies incorporated [under] **pursuant to** sections 379.035 to 379.355, section 379.080, sections 379.060 to 379.075, sections 379.085 to 379.095, sections 379.205 to 379.310, and to insurance companies of a similar type incorporated [under] **pursuant to** the laws of any other state of the United States, and alien insurers licensed to do business in this state, which transact fire and allied lines, marine and inland marine insurance, to any and all combinations of the foregoing or parts thereof, and to the combination of fire insurance with other types of insurance within one policy form at a single premium, on risks or operations in this state, except:

(1) Reinsurance, other than joint reinsurance to the extent stated in section 379.331;

(2) Insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity, or other risks commonly insured [under] **pursuant to** marine, as distinguished from inland marine, insurance policies;

(3) Insurance against loss or damage to aircraft;

(4) All forms of motor vehicle insurance; [and]

(5) All forms of life, accident and health, and workers' compensation insurance; **and**

**(6) Insurance of large commercial risks as defined in section 379.362.**

2. Inland marine insurance shall be deemed to include insurance now or hereafter defined by statute, or by interpretation thereof, or if not so defined or interpreted, by ruling of the director, or as established by general custom of the business, as inland marine insurance.

**3. Commercial property and commercial casualty insurance policies which meet the exemption requirements of section 379.362 shall be exempt from those insurance laws of this state which concern the regulation by the director of the department of insurance of the policy language, policy provisions or the format of such policies, or the regulation of the rates used to calculate the amount of premium charged.**

379.321. 1. Every insurer shall file with the director, except as to **commercial property or commercial casualty insurance as provided in subsection 6 of this section and as to** inland marine risks which by regulation or general custom of the business are not written according to manual rates or rating plans, every manual of classifications, rules, underwriting rules and rates, every rating plan and every modification of the foregoing which it uses and the policies and forms to which such rates are applied. Any insurer may satisfy its obligation to make any such filings by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings and by authorizing the director to accept such filings on its behalf, provided that nothing contained in section 379.017 and sections 379.316 to 379.361 shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization or as requiring any member or subscriber to authorize the director to accept such filings on its behalf. Filing with the director by such insurer or licensed rating organization within ten days after such manuals, rating plans or modifications thereof or policies or forms are effective shall be sufficient compliance with this section.

2. Except as to **commercial property or commercial casualty insurance as provided in subsection 6 of this section and as to** contracts or policies for inland marine risks as to which filings are not required, no insurer shall make or issue a policy or contract except [in accordance with] **pursuant to** filings which are in effect for that insurer or [in accordance with the provisions of] **pursuant to** section 379.017 and sections 379.316 to 379.361. Any rates, rating plans, rules, classifications or systems, in effect on August 13, 1972, shall be continued in effect until withdrawn by the insurer or rating organization which filed them.

3. Upon the written application of the insured, stating his **or her** reasons therefor, filed with the insurer, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

4. Every insurer which is a member of or a subscriber to a rating organization shall be deemed to have authorized the director to accept on its behalf all filings made by the rating organization which are within the scope of its membership or subscribership, provided:

(1) That any subscriber may withdraw or terminate such authorization, either generally or for individual filings, by written notice to the director and to the rating organization and may then make its own independent filings for any kinds of insurance, or subdivisions, or classes of risks, or parts or combinations of any of the foregoing, with respect to which it has withdrawn or terminated such authorization, or may request the rating organization, within its discretion, to make any such filing on an agency basis solely on behalf of the requesting subscriber; **and**

(2) That any member may proceed in the same manner as a subscriber unless the rating organization shall have adopted a rule, with the approval of the director:

(a) Requiring a member, before making an independent filing, first to request the rating organization to make such filing on its behalf and requiring the rating organization, within thirty days after receipt of such request, either:

- a. To make such filing as a rating organization filing[, or];
- b. To make such filing on an agency basis solely on behalf of the requesting member[.]; or
- c. To decline the request of such member; and

(b) Excluding from membership any insurer which elects to make any filing wholly independently of the rating organization.

5. Any change in a filing made [under the provisions of] **pursuant to** this section during the first six months of the date [said] **such** filing becomes effective shall be approved or disapproved by the director within ten days following [his] **the director's** receipt of notice of such proposed change.

**6. Commercial property and commercial casualty insurance policies which meet the exemption requirements of section 379.362, and the rates associated with such policies, shall be filed with the director of the department of insurance for informational purposes only. Such policies and rates shall be filed with the director within thirty days after such policies or rates are used by the insurer, but such policies and rates need not be reviewed or approved by the department of insurance as a condition of their use.**

**379.362. 1. Commercial property insurance and commercial casualty insurance policies shall be exempt from those provisions of sections 379.017, 379.316 to 379.361, 379.420 to 379.510 and 379.888 which concern regulation by the department of policy language, policy provisions or the format of such policies, or the rating of individual policies, for any policy for which the policyholder certifies in writing, on a certification form approved by the department, that the policyholder understands that the policy's language or the policy's rating are unregulated by the department and that the requirements of either subdivision (1) or subdivision (2) below are met:**

**(1) The policyholder has utilized the services of the independent insurance adviser. For purposes of this section, the term "independent insurance adviser" means a person who is qualified through education, training or experience to assess the purchaser's insurance needs and analyze the policy with or on behalf of the policyholder. Such an insurance adviser may be an employee of the policyholder or a person retained by the purchaser, provided that the independent insurance adviser shall not also be an employee of the insurer. Such an independent insurance adviser shall only be compensated for services related to the insurance transaction in question by the policyholder; or**

**(2) The policyholder's commercial operations meet any two of the following criteria:**

- (a) One hundred or more employees;**

- (e) Is a not for profit or public entity with an annual budget or assets of at least twenty-five million dollars; or**
- (f) Is a municipality with a population of over fifty thousand inhabitants.**

**2. An insurer writing a commercial property or commercial casualty insurance policy pursuant to subsection 1 of this section shall retain a copy of the policyholder's written certification as part of the insurer's policy records of the transaction.**

**3. Nothing contained in subsection 1 of this section shall be construed as exempting commercial property or commercial casualty policies which meet the requirements of subsection 1 of this section from any regulatory authority of the director of the department of insurance other than that authority related to the oversight of the policy language, policy provisions or the format of policies, or of the rates used to calculate the amount of premium charged. In particular, nothing contained in subsection 1 of this section shall limit the director's authority over excessive, inadequate or unfairly discriminatory rates.**

**4. The director may, by rule, require insurers providing coverage pursuant to subsection 1 of this section to retain information in such insurer's files identifying the policies providing such coverage, and to report to the department aggregate data regarding the types of such coverage written and the amounts charged for such coverage.**

**5. Notwithstanding the provisions of section 384.017, RSMo, commercial property or commercial casualty insurance meeting the requirements of subsection 1 of this section may be procured through a surplus lines licensee from an eligible surplus lines insurer even though the same type of coverage or quality of service is obtainable in the market from admitted insurers.**

**379.425. 1. Sections 379.420 to 379.510 apply to casualty insurance, including fidelity, surety and guaranty bonds, and to all forms of motor vehicle insurance, on risks or operations in this state, except**

- (1) Reinsurance, other than joint reinsurance to the extent stated in section 379.460 and subsection 2 of section 379.430;**
- (2) Insurance against workers' compensation liability;**

(3) Accident and health insurance;

(4) Insurance against loss of or damage to aircraft, or against liability, other than employers' liability, arising out of the ownership, maintenance or use of aircraft.

**2. Commercial casualty insurance policies which meet the exemption requirements of section 379.362 shall be exempt from those insurance laws of this state which concern the regulation by the director of insurance of the policy language, policy provisions or the format of such policies, or regulation of the rates used to calculate the amount of premium charged.**

379.888. 1. As used in sections 379.888 to 379.893, the following terms mean:

(1) "'A' rated risk" [means], any insurance coverage for which rates are individually determined based upon judgment because neither a rate service organization nor the insurer has yet established a manual rate based upon experience, except that if a rate service organization or the insurer acquires sufficient experience to establish, or if the insurer itself has, a manual rate for such coverage, then such coverage shall no longer be considered an "A" rated risk for each insurer;

(2) "Base rate" [means], the rate designed to reflect the average aggregate experience of a particular market, prior to adjustment for individual risk characteristics resulting from application of any rating plan;

(3) "Classification" [means], a grouping of insurance risks according to a classification system used by an insurer;

(4) "Classification system" [means], a schedule of classifications and a rule or set of rules used by an insurer for determining the classification applicable to an insured;

(5) "Commercial casualty insurance" [means], casualty insurance for business or nonprofit interests which is not for personal, family, or household purposes;

(6) "Director" [means], the director of the department of insurance;

(7) "Rate" [means], a monetary amount applied to the units of exposure basis assigned to a classification and used by an insurer to determine the premium for an insured;

(8) "Rating plan" [means], a rule or set of rules used by an insurer to calculate premium for an insured, and the parameter values used in such calculation, after application of classification premium rates to units of exposure; **and**

(9) "Rating system" [means], a collection of rating plans to be used by an insurer, rules for determining which rating plans are applicable to an insured, a classification system, and other rules used by an insurer for determining contractual consideration for insured.

2. Every filing of commercial casualty insurance premium rates, rating plans or rating systems by an insurer or rating organization [must] **shall** be submitted to the director for review prior to becoming effective if it produces an increase or decrease exceeding twenty-five percent annually from changes in any:

(1) Base rates;

(2) Rating basis;

(3) Rating plans;

(4) Manual rules;

(5) Territorial definitions; or

(6) Combination of such rating system components of subdivisions (1) to (5) of this subsection.

3. Nothing in this section applies to premium increases or decreases from:

(1) Change in hazard of the insured's operation;

(2) Change in magnitude of the exposure basis for the insured, including, without limitation, changes in payroll or sales; [or]

(3) "A" rated risks; **or**

**(4) Commercial casualty insurance that is exempt pursuant to section 379.362.**

4. Any renewal notice of a commercial casualty insurance policy as defined in section 379.882 for any Missouri risk or portion thereof which would have the effect of increasing the premium charged to the insured due to a change in any scheduled rating factor applied to the policy during the previous policy period shall contain or be accompanied by a notice to the insured informing the insured that any inquiry by the insured concerning the change may be directed to the agent of record or directly to the insurer. When any insured makes a request for information pursuant to this subsection, the insurer, directly or through the insurer's agent, shall inform the insured in writing in terms sufficiently clear and specific of the basis for any reduction in a scheduled rating credit or increase in a scheduled rating debit which is applied to the policy. Evidence supporting the basis for any scheduled rating credit or debit shall be retained by the insurer for the policy term plus two calendar years[, in accordance with] **pursuant to** section 374.205, RSMo. The [Missouri] department of insurance shall notify commercial casualty insurers of the requirements of this section by bulletin. [The provisions of this subsection shall become effective on January 1, 1999.]".

AMEND Senate Substitute Amendment No. 2 for Senate Amendment No. 2 to Senate Committee Substitute for House Committee Substitute for House Bill No. 10, Line 8, Pages 1-4, by striking all language after the word "expenses" and substitute the following:

"Abortion services include performing, assisting with, or directly referring for abortions, or encouraging or counseling patients to have abortions. Family planning services are services that limit or enhance fertility, including contraception methods, the management of infertility including adoption, preconception counseling, education, and general reproductive health care. Follow-up services are services that supplement initial consultations for family planning services and pregnancy testing but do not include pregnancy or childbirth care. Nondirective counseling relating to pregnancy may be provided. Nondirective counseling is defined as providing patients with a list of health care providers that provide pregnancy, abortion services and childbirth care and may provide nondirective counseling in regard to such options. An organization that receives these funds may not directly refer patients who seek abortion services to any organization that provides abortion services, including its own independent affiliate. None of these funds may be paid or granted to an organization or an affiliate of an organization that provides abortion services. An organization that receives these funds may not display or distribute marketing materials about abortion services to patients. An otherwise qualified organization shall not be disqualified from receipt of these funds because of its affiliation with an organization that provides abortion services, provided that the affiliated organization that provides abortion services is independent as determined by the conditions set forth in this section. To ensure that the state does not lend its imprimatur to abortion services, and to ensure that an organization that provides abortion services does not receive a direct or indirect economic or marketing benefit from these funds, an organization that receives these funds and its independent affiliate that provides abortion services may not share any of the following:

(a) The same or similar name;

(b) Medical or non-medical facilities, including but not limited to business offices, treatment, consultation, examination, and waiting rooms;

(c) Expenses;

(d) Employee wages or salaries;

(e) Equipment or supplies, including but not limited to computers, telephone systems, tele-communications equipment and office supplies; or

(f) Fundraising activities.

An independent affiliate that provides abortion services must be separately incorporated from any organization that receives these funds. An organization that receives these funds must maintain financial records that demonstrate strict compliance with this section and that demonstrate that its independent affiliate that provides abortion services receives no direct or indirect economic or marketing benefit from these funds. The director of the department of health shall retain an independent auditing firm to conduct an audit at least annually to ensure compliance under this section. Nothing in this section requires an agency receiving Federal Title X funds to refrain from performing any service that must or shall be provided under Title X as defined in 1970 and regulations drafted in 1980.

2. If any provision of subsection 1 of this section is held invalid, that provision shall be severed from subsection 1 and the remainder of subsection 1 shall be enforced. If the entirety of subsection 1 of this section is held invalid, then this appropriation shall be in accordance with subsection 3, otherwise subsections 3 through 5 shall have no effect.

3. For the purpose of funding family planning services, pregnancy testing, and follow-up services provided directly by the Department of Health or provided directly by government agencies of this state or any political subdivision of this state or directly by public health entities, through contractual agreement with the Department, provided that none of these funds may be expended for the purpose of performing, assisting, or encouraging abortion, and further provided that none of these funds may be expended to directly or indirectly subsidize abortion services or administrative expenses. Family planning services are services that limit or enhance fertility, including contraception methods, the management of infertility, preconception counseling, education, and general reproductive health care. Follow-up services are services that supplement initial consultations for family planning services and pregnancy testing but do not include obstetric or prenatal care. None of these funds may be expended for directly referring for abortion; however, nondirective counseling relating to pregnancy may be provided. Nondirective counseling is defined as providing patients with a list of health care providers that provide pregnancy, abortion services and childbirth care. For the purpose of this subsection, public health entities shall include community mental health centers organized pursuant to section 205.975 to 205.990, RSMo, and community action agencies organized pursuant to sections 660.370 to 660.374, RSMo.

4. If the entirety of subsection 1 of this section is held invalid and any provision of subsection 3 of this section are held invalid, then this appropriation shall be in accordance with subsection 5, otherwise subsection 5 shall have no effect.

5. For the purpose of funding family planning services, pregnancy testing, and follow-up services that are provided directly by the Department of Health or provided directly by government agencies of this state or any political subdivision of this state through contractual agreement with the Department, provided that none of these funds appropriated herein shall be expended for the purposes of performing, assisting, or encouraging abortion, provided that none of these funds may be expended to directly or indirectly subsidize abortion services or administrative expenses, and further provided that none of these funds may be expended for directly referring for abortion. Family planning services are services that limit or enhance fertility, including contraception methods, the management of infertility, preconception counseling, education, and general reproductive health care. ## House Journal

First Regular Session, 90th General Assembly

FIFTY-SIXTH DAY, Wednesday, April 21, 1999

Speaker Gaw in the Chair.

Prayer by Reverend Rudy Beard.

Our Father who art in Heaven, we unite our hearts in prayer and we acknowledge that You are the giver of life.

When there is a tragedy, a great shock, children harmed, deaths, we turn to You. For we are reminded how fragile we are.

We pray for students, teachers and their families in Littleton, Colorado. Grant them, and all who mourn, the comfort of Your Holy Spirit.

Help us to recommit ourselves to a society that seeks Your will and strives for gentleness, peace and justice.

Bless our nation, bless our state and bless this House; to You be honor and glory forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Lauren Grossman, Elizabeth Ricks, Greg Weslok, Melissa Mehegan, David Truetzel, Carolyn Cooper, Matt Yoon, Catherine Gabel, Jordan Schnitzer, Brent Willis, Meredith Toole, Meghan Greer, Allie Hudson, Sam Neudecker, Ann Elise Bouvatte, Martinique Renee Hall, Jordan Harris Knecht, Katherine Janell Thurman, Maria Frances Cognata, Peter Joel Kaelble, Joshua Michael Kountz, Anne-Marie Tiffany Roth, Sam Primm, Melissa Carter, Erik Rowberry, Matt Phillips, Brittney Morris, Thomas Summers, Katherine Summers, Stacy Brunssen, Hannah Mathews, Alexis Rolls, Danielle Creech, Erica Smith, Crystal Reed, Sarah York, Abigail York, Hannah York, Adam York, Amanda Younce, Beth Schroeder, Rebecca Martin, Sara Boston, Kim Giger, Dustin Hays, Lindsay Jordan, Mandy Martin, Jessica Wolfe, Matthew McCormick, Brooke Catherine Little, Dylan Michael Little, Erin Elizabeth Little, Jessica Swicegood, Amanda Troyer, Amiee Troyer, Michele Troyer and Kai-Lea Troyer.

*House Amendment No. 1*

AMEND Senate Bill No. 414, Page 6, Section 142.875, Line 30, by inserting after all of said line the following:

"142.896. 1. Distributors shall be required to post a bond of not less than three months' total liability based on the number of gallons handled as estimated by the director, with a maximum amount of one hundred and fifty thousand dollars for gasoline and diesel fuel separately.

2. The tax on the motor fuel imported shall not be considered part of potential liability for calculation of the bond required of a distributor's license if the nonexempt motor fuels meet the following conditions:

(1) All of the motor fuel is subject to one or more tax precollection agreements to remit the motor fuel tax of this state to the supplier or permissive supplier as trustee with respect to the imports, as provided [under] **pursuant to** section 142.839; and

(2) The director has determined that all border states have adopted terminal reporting requirements adequate for the mutual enforcement of this chapter.

3. If a distributor qualifies [under] **pursuant to** subsection 3 of section 142.851 and was not required to have a bond posted [under] **pursuant to** the predecessor act, then such distributor may elect to either post the bond as set out in this subsection or participate in a cash bond as set out below. The cash bond shall be held by the director in a "Motor Fuel Bond Trust Fund", which is hereby created, for the benefit of the participating distributors. The bond shall be used solely for the purpose of preventing a loss to the state for motor fuel taxes, surcharges and fees not paid. No distributor shall have any claim or rights against the fund as a separate person. Contributions to the fund will be made at the rate [of one-fourth of one percent of the prevailing motor fuel tax rate until such fund equals one-fourth of one percent of the prior year's motor fuel tax collections] **as defined in regulations promulgated by the director of the department of revenue**. Contributions will be remitted by the participating distributors through the suppliers under the same procedures as set out for remitting of motor fuel taxes set out in this chapter. The director shall notify the suppliers of which distributors have elected to participate, when the contributions are required and when the fund has reached its maximum. At that time no further contributions will be required until the fund has been depleted to [one-eighth of one percent of prior year's motor fuel tax collections] **the minimum amount established by regulation**, at which time the director shall notify the distributors and suppliers to resume contributions at the [above] **defined** rate. In the event the director has made a demand for payment from a participating distributor in this fund, and such demand has not been satisfied within ninety days, the director shall use the cash bond to satisfy the delinquency. Such action shall not affect the liability of the distributor for the tax or prevent the director from taking other actions permitted by this chapter.

4. After the expiration of three consecutive years of satisfactory tax compliance, as determined by the director, a licensed distributor will be eligible to participate in the pool bond in lieu of furnishing any other type of bond. The licensed distributor will be required to pay into the pool bond for a minimum of one year regardless whether the pool bond has reached its maximum or not.

5. The director shall compile a monthly report of all activities regarding the motor fuel bond fund including the name and license number of all licensees who have had a claim made against them, and the report shall be made available to pool members.

6. A distributor is required to remit the tax due on the last day of the succeeding month and file reports prescribed by the director.

7. Each licensed distributor shall report such information as required by the director including, but not limited to imports of motor fuel, exports of motor fuel, blending of motor fuels, all receipts of motor fuel, all receipts and sales of dyed fuel, all receipts and sales of tax- free undyed kerosene and the transporting of motor fuel or blend stocks for or on behalf of others.

8. The report required by this section shall be due on the last day of each month with respect to information required for the next preceding calendar month."; and

Further amend said bill, Page 8, Section 142.908, Line 15, by inserting after all of said line the following:

**"Section 1. The director of the department of revenue or any person designated by the director may conduct investigations as necessary to enforce the provisions of this chapter.**

**Section 2. The director of the department of revenue may prescribe forms upon which reports are made to the director and all other forms and information the director deems necessary to enforce the provisions of this chapter, and may require periodic submission of information from any person dealing in, transporting or storing motor fuel.**

**Section 3. A person who violates any provision of this chapter, including, but not limited to the failure to obtain required licenses or permits, or fails to keep records as prescribed herein, or neglects, fails or refuses to allow the director, the director's authorized agents or the Missouri highway patrol to inspect an item of equipment or records, or who fails, neglects or refuses to pay the tax due is guilty of a misdemeanor and may be punished as prescribed by law. Any person who violates any of the provisions of this section with the purpose to defraud is guilty of a class D felony.";** and

Further amend the title and enacting clause accordingly.

On motion of Representative Leake, Rule 65(e) was suspended and **House Amendment No. 1** was adopted by the following vote:

## House Journal

First Regular Session, 90th General Assembly

FIFTY-SEVENTH DAY, Thursday, April 22, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Dr. Doyle Sager.

Our Father in Heaven, we thank You for this new day. We pray this morning for the people of Littleton, Colorado -- the students, the families, the community. Help us to deal with our own demons of hatred, violence, intolerance and loneliness.

On this Earth Day, 1999, teach us to care for this wonderful world You have given us. Empower us to create beautiful worlds - inside our souls and all around our state. Bless this body this morning. May they join You in Your redemptive work, creating community and opportunity for everyone.

In Your name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Danielle Anderson, Ashley Brown, Devon Peoples, Melissa Bradford, Abby Herweck, Josh Tunnage, Amanda Barker, Doug Watson, Dana Sneed, Terease Jone, Anthony Rainey, DeJuan Tate, Brandon Brown, Mary Porzelt, Janna Hutchinson, Sera Rogoyawa, Gideon Dunn, Lydia Dunn, Ethan Dunn, Jherissa Carver, Jessica Grubbs, Danielle Boggeman, Sarah McBride, Korie Stevenson, Kamaya Ragland, James Sloss, Zachary Nixon, Carrie Jacquin, Katie Heimericks, Stacie McMillin, Garrett Carter, Erica Cook and Emily Whitchurch.

Mr. Speaker: Your Committee on Ways and Means, to which was referred **SB 192**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Amendment No. 1**.

*House Committee Amendment No. 1*

AMEND Senate Bill No. 192, Page 1, Line 2 of the Title, by inserting after the word "food" the words "and to income tax paid to another state"; and

Further amend said bill, Page 1, Section A, Line 2 by inserting after said line the following:

"143.081. 1. A resident individual, resident estate, and resident trust shall be allowed a credit against the tax otherwise due under sections 143.005 to 143.998 for the amount of any income tax imposed on him for the taxable year by another state of the United States (or a political subdivision thereof) or the District of Columbia on income derived from sources therein and which is also subject to tax under sections 143.005 to 143.998. **Beginning January 1, 2000, solely for purposes of this subsection, the phrase "income tax imposed" shall include any income tax credit allowed by such other state or the District of Columbia the basis for which is a charitable contribution which qualifies as a charitable deduction from income pursuant to the Internal Revenue Code of 1986, as amended.**

2. The credit provided under this section shall not exceed an amount which bears the same ratio to the tax otherwise due under sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other taxing jurisdiction bears to his Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other taxing jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction.

3. For the purposes of this section, in the case of an S corporation, each resident S shareholder shall be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by

the S corporation to a state which does not measure the income of shareholders on an S corporation by reference to the income of the S corporation or where a composite return and composite payments are made in such state on behalf of the S shareholders by the S corporation."; and

Further amend the title and enacting clause accordingly.

## House Journal

First Regular Session, 90th General Assembly

FIFTY-EIGHTH DAY, Monday, April 26, 1999

Speaker Gaw in the Chair.

Prayer by Representative Denny Merideth.

Let us pray;

O Lord, in this time of great sorrow and mounting troubles, we ask that You help us to be a positive force for all that surround us. A force that leads with encouragement and lays the foundation for hope. A force that is just and fair. A force that does not just react, but one that leads by example and deed. So stir us with compassion, raise our standards higher, take away our lust for power, and instill in us a desire to be a shining symbol of all that is great and good. In these things we humbly ask that You grant us the wisdom to seek Your guidance and the strength to follow it. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Michael Barnard and Sam Monsees.

The Journal of the fifty-seventh day was approved as corrected by the following vote:

## House Journal

First Regular Session, 90th General Assembly

FIFTY-NINTH DAY, Tuesday, April 27, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Rudy Beard.

We freely confess, Gracious God, that we know in our hearts that we need You; but our strong egos and stubborn wills keep us trying to go it without You.

Forgive us for making so many mountains out of molehills and for exaggerating both our own importance and the problems that confront us.

Make us willing to listen for Your word, to follow Your guidance. Give us faith that if we give You a hearing, You will give us the clues we need and can not find by ourselves.

Bless our nation. Bless this state. Bless this House. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Mark Sommerhauser, Larry Culbertson, Sheila Dyer, Heather Tate, John Gilmore, Theresa Hannegan, William Hannegan, Beth Wiese, Clare Robidoux, Lynn Foster, Brandon Kliethermes, Elizabeth Allison, Stephen Murray, Cheryl Dunham, Diana Wiskur, Greg Gilliland, Dustin Coe, Jamie Bergner, Doug Hancock, Ashley Cole, Brandon Shannon, Ben Van Bibber, Ray Singer, Claire Nauser and Derek Ballmann.

The Journal of the fifty-eighth day was approved as corrected.

Further amend said bill, Page 1, Section A, Line 3, by inserting after all of said line the following:

137.720. A percentage of all ad valorem property tax collections allocable to each taxing authority within the county and the county shall be deducted from the collections of taxes each year and shall be deposited into the assessment fund of the county as required [under] **pursuant to** section 137.750. The percentage shall be one-half of one percent for all counties of the first and second [class] **classification** and cities not within a county and one percent for counties of the third and fourth [class] **classification**. The county shall bill any taxing authority collecting its own taxes. The county may also provide additional moneys for the fund. To be eligible for state cost-share funds provided [under] **pursuant to** section 137.750, every county shall provide [all moneys necessary to assure that the fund is at least equal to the amount of moneys available for assessment purposes in the previous year] **from the county general revenue fund, an amount equal to an average of the three most**

**recent years of the amount provided from general revenue to the assessment fund**, except that a lesser amount shall be acceptable if unanimously agreed upon by the county assessor, county governing body and the state tax commission. The county shall deposit the county general revenue funds in the assessment fund as agreed to in its original or amended maintenance plan, state reimbursement funds shall be withheld until the amount due is properly deposited in such fund.

137.750. 1. If a county has an assessment maintenance plan approved [under] **pursuant to** section 137.115, a portion of all the costs and expenses of the assessor of each county and each city not within a county, incurred for the current quarter in performing all duties necessary to assess and maintain equalized assessed valuations of real property, making real and personal property assessments and preparing abstracts of assessment lists, shall be reimbursed by the state. The state shall reimburse up to [one-half] **sixty percent** of all the current and past unreported quarterly costs and expenses of the assessor of each county and each city not within a county based on compliance with the state tax commission approved assessment and equalization maintenance plan. The state shall reimburse each eligible county a minimum of three dollars per parcel for up to twenty thousand parcels, but no further reimbursements shall be made until the county has expended [an equal] **at least two-thirds of that** amount of money for assessment maintenance from its assessment fund. The [maximum] annual state reimbursement to any county [under] **pursuant to** this section in [1986] **2000** shall [not exceed five dollars and fifty cents] **be seven dollars** per parcel of real property in the county and each year thereafter such maximum amount may be increased by up to three percent, but the amount reimbursed by the state shall not exceed [one-half] **sixty percent** of the actual costs and expenses incurred, except that counties entitled to only the three-dollar per parcel minimum shall receive one-fourth of the state's contribution each quarter.

2. The governing body of each county and city not within a county which seeks or will seek reimbursement under any provision of this section or section 137.720 shall establish a fund to be known as the "Assessment Fund", to be used solely as a depository for funds received by the county or city pursuant to this section and sections 137.037 and 137.720, from the general revenue fund of the county or other sources for the purpose of funding the costs and expenses incurred in implementing an assessment and equalization maintenance plan approved under section 137.115 and for assessing real and personal property.

3. All counties and cities not within a county seeking state funds under this section shall submit a certified copy of their costs and expenses to the commissioner of the office of administration not later than the thirtieth day of the quarter immediately following the quarter for which such state funds are sought. The commissioner of the office of administration shall, in such form as may be prescribed by rule, certify that the county requests for reimbursement are consistent with the assessment and equalization maintenance plan approved by the state tax commission as provided in section 137.115, and shall pay the state's share out of funds appropriated for that purpose quarterly to each eligible county and city to reimburse such county or city for reimbursable costs and expenses incurred in the previous calendar quarter.

4. (1) The following costs and expenses shall not qualify for state reimbursement or reimbursement from tax moneys withheld from political subdivisions:

(a) Premiums for property and casualty insurance and liability insurance;

(b) Depreciation, interest, building and ground maintenance, fuel and utility costs, and other indirect expenses which can be classified as the overhead expenses of the assessor's office;

(c) Purchases of motor vehicles;

(2) Costs and expenses which shall qualify for state reimbursement, but only if identified in the county maintenance plan and subsequently specifically approved by the state tax commission, shall include:

(a) Salaries and benefits of data processing and legal personnel not directly employed by the assessor;

(b) Costs and expenses for computer software, hardware, and maintenance;

(c) Costs and expenses of any additional office space made necessary in order to carry out the county's maintenance plan;

(e) Costs of aerial photography."; and

Further amend said bill, Page 5, Section 137.1030, Line 5, by inserting after all of said line the following:

"138.395. The state tax commission shall notify each school district of the equivalent sales ratio for the previous year adopted for determining the equalized assessed valuation of the property and the equalized operating levy of the school district for distributions of school foundation formula funds at least thirty days [prior to] **before** the certification of such ratio to the department of elementary and secondary education, and shall provide the school district an opportunity for a meeting with the commission, or a duly authorized agent [thereof] **of the commission**, on such ratio [prior to] **before** such certification. [Prior to January 1, 1997, in certifying said ratios to the department of elementary and secondary education, the commission shall certify all ratios at thirty-three and one-third percent.] On and after January 1, 1997, in certifying such ratios to the department of elementary and secondary education, the commission shall certify all ratios higher than thirty-one [and two-thirds] percent at thirty-three and one-third percent. On and after January 1, 1998, if the state tax commission, after performing the computation of equivalent sales ratio for the county and recomputing such computation to ensure accuracy, finds that such equivalent sales ratio for the county is less than or equal to thirty-one [and two-thirds] percent **and has been for the two preceding years**, the state tax commission shall reduce the county's reimbursement by fifteen percent the following year if it is not corrected by subsequent action of the state tax commission."

On motion of Representative Wiggins, **House Amendment No. 4** was adopted.

Representative Gunn assumed the Chair.

Representative Gross offered **House Amendment No. 5**.

*House Amendment No. 5*

AMEND House Committee Substitute for Senate Bill No. 219, Page 5, Section 137.1030, Line 5, by inserting after said line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable real property in the county owned by the person, or under his or her care, charge or management, and all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county of the first classification with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

- (1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and
  - (2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word "comparable" means that:
    - (a) Such sale was closed at a date relevant to the property valuation; and
    - (b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.
2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.
3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percents of their true value in money:
- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
  - (2) Livestock, twelve percent;
  - (3) Farm machinery, twelve percent;
  - (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. If the assessor increases the assessed valuation of any parcel of subclass (1) real property by more than seventeen percent since the last assessment, excluding increases due to new construction or improvements, then the assessor shall conduct a physical inspection of such property.

**11. There shall be a homestead exemption on certain properties as follows:**

**(1) Any person owning and residing on real property which qualifies as a homestead, as defined in section 135.010, RSMo, who is at least sixty-five years of age shall be granted a homestead exemption under the authority granted pursuant to section 6(a) of article X of the Missouri Constitution for the years succeeding the year in which the exemption is filed and in the manner and amount prescribed in this subsection;**

**(2) The exemption shall be for that portion of the assessed valuation of the homestead which exceeds the assessed valuation of the homestead in the year the owner reaches sixty-five years of age or on the effective date of this section, whichever is later;**

**(3) An eligible property owner may file for such an exemption with the county clerk on a form provided by the state tax commission by June first of the year preceding the first year for which the exemption is to be made. The property owner filing the form shall sign such form attesting to the truth of the information provided by such owner. If the property for which the homestead exemption is sought has joint owners, then any such joint owner may file for the exemption. When any joint owner has elected to file for an exemption all other joint owners shall be bound by such election and the other joint owners shall not subsequently be eligible to file for an exemption for the jointly owned property. No provisions of this section shall be construed to deny the granting of an exemption to property owned by married joint owners when only one of such owners is eligible for the exemption. The applicant shall file a copy of the person's birth certificate with the county clerk to establish eligibility for the exemption. Once an exemption has been granted, the property owners who filed for the exemption shall not be required to refile for any succeeding year and the property shall remain exempted unless or until the property has a new owner or pursuant to subdivision (6) of this subsection;**

(4) The county clerk shall verify from the birth certificate and form that the applicant is eligible for such exemption, and if the applicant is so eligible, the county clerk shall notify the county assessor, county collector and the state tax commission. In addition, the county clerk shall annually deliver to each political subdivision or other taxing jurisdiction which has levied ad valorem property taxes on the properties for which exemptions are granted under this section a listing of each parcel of real property for which the exemptions are granted;

(5) Any exemption granted pursuant to this subsection shall have no effect on the tax levied for the blind pension fund, pursuant to section 38(b) of article III of the Missouri Constitution, on the property for which the exemption is granted. The tax, however, shall not be collected from the person granted the exemption but a payment in lieu of such tax shall be made by the county within which such property lies. The county shall be reimbursed pursuant to subdivision (5) of this subsection for any revenues lost due to this subdivision;

(6) Pursuant to the requirements of sections 6(a) and 16 of article X of the Missouri Constitution, any taxing jurisdiction or political subdivision shall recover the loss of revenue caused by this subsection from the state. The state tax commission shall certify to the commissioner of administration to issue vouchers to any such taxing jurisdiction or political subdivision upon the availability of appropriations. Each calendar year beginning in 1998 the state tax commission shall estimate the total loss of revenue to all taxing jurisdictions and political subdivisions in the next succeeding year resulting from the homestead exemptions granted in the current year. The state tax commission shall report such estimate granted in the current year. The state tax commission shall report such estimate to the general assembly before February first of every year. If the general assembly determines there will be insufficient total state revenues, as defined by section 17 of article X of the Missouri Constitution, for the taxing jurisdiction and political subdivisions of the state to recover the estimated loss of revenue caused by the homestead exemption the general assembly may declare that there will be no homestead exemption for the succeeding year."; and

Further amend the title and enacting clause accordingly.

## House Journal

First Regular Session, 90th General Assembly

SIXTY-FIRST DAY, Thursday, April 29, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Donald Lammers.

Let us pray. God our Father, we praise You in the Psalms, where we learn the dignity You give to every human being.

"When I behold your heavens, the work of your fingers, the moon and stars which you set in place-- What is man that you should be mindful of him, or the son of man that you should care for him? You have made him little less than the angels, and crowned him with glory and honor. You have given him rule over the works of your hands, putting all things under his feet..." (Psalm 8:4-7)

Yes, Lord God, You have put all things, except other human beings, under our feet. Guide the work of this legislative body so that they support in our state the order which You have established in the world. As the members of this assembly consider the security of children and youth in our schools, the struggles of families and individuals, the life of the unborn, the death dealing problems in Yugoslavia, the use of tax money entrusted to their judgment, and all the topics of their agenda. May they always remember the dignity You have given to every person, to each human being and the order and harmony You desire in all human events.

In Your holy name we pray. You are God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Anthony Roberts, Ben Huffman, Dusty Huffman, Ashley Kilcullen, Kathryn Renfro, Dustin Matty, Jake Meyer, Megan Ruth, Jarrett Whistance, Bryce Locke, Andrea Kennedy, Beka Brewer, Richard Moore, Janelle A. Sanchez, Lucas Baughn Bruton, Sam Prescott, Kelly Turner, Stacy Hodges, Travis Ewing, Kim Thompson and Kristin Thompson.

The Journal of the sixtieth day was approved as corrected.

Senate Concurrent Resolution No. 15

WHEREAS, the elk industry is a nine million dollar business in Missouri and the state has more than one hundred elk farms with over one thousand elk; and

WHEREAS, over a third of Missouri's counties have domestic elk herds and Missouri has the honor of being the site of the international headquarters of the North American Elk Breeders Association, as well as, the North American Elk Research Council, Inc.; and

WHEREAS, Missouri is the Midwest's top elk trading state and according to Missouri law, elk are classified as livestock which enables elk farming without a special permit; and

WHEREAS, the Department of Conservation has indicated it may support the reestablishment of wild elk herds in Missouri; and

WHEREAS, the unregulated breeding and gathering of wild elk herds in Missouri could be a safety risk since there is no

natural food chain for elk in Missouri and there are no natural predators to control wild elk; and

WHEREAS, wild elk herds carry various diseases common to wild animals which can harm domestic elk livestock and such wild elk can cause damage to fences and crops; and

WHEREAS, since the elk is the largest member of the cervidae (deer) family, the presence of wild elk herds may present a hazard to motorists:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate of the Ninetieth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby ask the Conservation Commission and the Department of Conservation to carefully study and consider any action toward establishing wild elk herds in Missouri; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the members of the Conservation Commission and the Director of the Department of Conservation.

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill No. 19, Page 1, In the Title, Line 4, by inserting after the number "302.302," the number "302.309,"; and

Further amend said bill, Page 1, In the Title, Line 7, by deleting the word "thirty-eight" and inserting in lieu thereof the word "thirty-nine"; and

Further amend said bill, Page 1, Section A, Line 3, by inserting after the number "302.302," the number "302.309,"; and

Further amend said bill, Page 1, Section A, Line 5, by deleting the word "thirty-eight" and inserting in lieu thereof the word "thirty-nine"; and

Further amend said bill, Page 1, Section A, Line 7, by inserting after the number "302.303," the number "302.309,"; and

Further amend said bill, Page 15, Section 302.303, Line 15, by inserting after all of said line the following:

"302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303, RSMo.

2. Any operator whose license is revoked [under] **pursuant to** these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts or the director of revenue shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving [privileges] **privilege** shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) A business, occupation, or employment;

(b) Seeking medical treatment for such operator;

(c) Attending school or other institution of higher education;

(d) Attending alcohol or drug treatment programs; or

(e) Any other circumstance the court or director finds would create an undue hardship on the operator; the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving [privileges] **privilege** the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited [privileges] **privilege**, and shall be accompanied by a copy of the applicant's driving record as certified by the director.

Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303, RSMo. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, RSMo, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303, RSMo, for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303, RSMo, for that vehicle.

(4) The court order or the director's grant of the limited driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points [under the provisions of] **pursuant to** section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle [under the authority of] **pursuant to** a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(5) Except as provided in subdivision (6) of this subsection, no person is eligible to receive [hardship] **a limited driving privilege who at the time of application for a limited driving privilege has previously been granted such a privilege within the immediately preceding five years, or** whose license has been suspended or revoked for the following reasons:

(a) A conviction of violating the provisions of section 577.010 or 577.012, RSMo, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b) A conviction of any felony in the commission of which a motor vehicle was used;

(c) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), (10) or (11) of section 302.060;

(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, RSMo, or having left the scene of an accident as provided in section 577.060, RSMo;

(e) Due to a revocation for the first time for failure to submit to a chemical test pursuant to section 577.041, RSMo, or due to a refusal to submit to a chemical test in any other state, if such person has not completed the first ninety days of such revocation;

(f) Violation more than once of the provisions of section 577.041, RSMo, or a similar implied consent law of any other state;

(g) Disqualification of a commercial driver's license pursuant to sections 302.700 to 302.780, however, nothing in this subsection shall prevent a person holding a commercial driver's license who is suspended or revoked as a result of an action occurring while not driving a commercial motor vehicle or driving for pay, but while driving in an individual capacity as an operator of a personal vehicle from applying for [hardship] **a limited driving [privileges] privilege** to operate a commercial vehicle, if otherwise eligible for such [hardship] **limited** privilege; or

(h) Due to a suspension pursuant to subsection 2 of section 302.525 and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for limited driving [privileges] **privilege**; or due to a revocation [under] **pursuant to** subsection 2 of section 302.525 if such person has not completed such revocation.

(6) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of section 302.060, to apply for **a limited driving [privileges] privilege** pursuant to this subsection if such person has served at least three years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding three years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state.

(b) **Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of involuntary manslaughter while operating a motor vehicle in an intoxicated condition,** a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years **because of two convictions of driving while intoxicated,** as prescribed in subdivision (10) of section 302.060, to apply for **a limited driving [privileges] privilege** pursuant to this subsection if such person has served at least two years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding two years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving [privileges]

**privilege** pursuant to the provisions of this subdivision.

4. Any person who has received notice of denial of a request of limited driving [privileges] **privilege** by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving [privileges] **privilege**.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section."

## House Journal

First Regular Session, 90th General Assembly

SIXTY-SECOND DAY, Monday, May 3, 1999

Speaker Pro Tem Kreider in the Chair.

Prayer by Father David Buescher, Newman Center, Lincoln University.

Almighty God, You are power and peace, law and love, justice and mercy. Continue to fill these elected representatives with Your presence. In this day's work, may their minds discern Your will in the matters they discuss and decide; may their hearts be joy-filled in awe of the responsibility You share with them. Bless them with wisdom and courage, that at the end of this day, they and all the people of this sovereign state, may rest even more easily, content that Your reign has been made more genuine. In the Spirit of this loving and wise God, we say, yes, may it be so, now and forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Thomas Brandt.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCS HCS HCR 3**.

*House Committee Substitute*

*House Concurrent Resolution No. 3*

WHEREAS, at the general election of 1992, seventy-five percent of Missouri voters adopted a measure to limit the terms of members of the Missouri General Assembly; and

WHEREAS, all legislators elected after 1992 are limited to a maximum of eight years, or four terms, in the Missouri House of Representatives, and eight years, or two terms, in the Missouri Senate; and

WHEREAS, while the merits of legislative term limits can and will be debated by numerous citizens and interested parties, there is no question: that term limits are part of the Missouri Constitution; that this law has already shortened the terms of some Missouri legislators; and that these limits will produce substantial repercussions on state government in the foreseeable future; and

WHEREAS, it would be a responsible and prudent action to prepare for the impending impact of legislative term limits; and

WHEREAS, it should be determined whether term limits will affect the balance of power between the legislative, executive and judicial branches, and if so, what measures should be taken to preserve the strength of the legislative branch; and

WHEREAS, it should also be determined whether term limits are likely to lead to an increased influence for state government employees and governmental consultants, or lobbyists, and, if so, if any preparations should be made to counteract this increased influence; and

WHEREAS, because of term limits, the citizen-members of the Missouri General Assembly will be expected to assume leadership positions and committee chairmanships at a faster rate than is currently expected even though they will have less time to study issues or learn the legislative process; and

WHEREAS, the potential impact on urban, suburban and rural issues and representation should be studied; and

WHEREAS, it could be of great assistance in preparing for the impact of term limits if ideas, recommendations and information could be garnered from present and former legislators, political scientists, interested citizens and scholars who have previously studied this issue and are familiar with term limit ramifications in other states:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, that a Joint Committee on Legislative Term Limits be created to study the likely effects of term limits and to make recommendations on how best to prepare for the impact of term limits; and

BE IT FURTHER RESOLVED that the committee be comprised of ten members, five members to be appointed by the Speaker of the House of Representatives and five members to be appointed by the President Pro Tem of the Senate, with no more than three House members or three Senate members being from the same political party and with at least two House members and two Senate members first being elected in or prior to November 1994 and at least one House member and one Senate member first being elected after November 1994; and

BE IT FURTHER RESOLVED that the committee be authorized to hold hearings and investigations as it deems advisable, and that the staffs of House Research, Senate Research and the Committee on Legislative Research provide any technical or clerical assistance requested by the committee and the members of the committee shall receive reimbursement for their actual and necessary expenses incurred in the performance of their official duties for the committee; and

BE IT FURTHER RESOLVED that the committee report its recommendations and findings to the Missouri General Assembly by January 1, 2000, and that the authority of such committee shall terminate on December 31, 2000; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Speaker of the House of Representatives and the President Pro Tem of the Senate.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **HCR 9**.

*House Concurrent Resolution No. 19*

WHEREAS, through the "Share the Harvest" program, hunters donate approximately thirty thousand pounds of venison annually to those in need; and

WHEREAS, through the generosity of these hunters, seventy-seven approved charitable organizations, spread throughout the state of Missouri, have received venison to distribute to needy families and individuals; and

WHEREAS, deer is a valuable source of protein but is unusually low in fat and many families and individuals have no dependable source of protein in their diets; and

WHEREAS, the program is a safe and healthy way for these individuals to get protein in their diet, because all participating deer processors must be licensed by the Department of Conservation and inspected by the United States Department of Agriculture; and

WHEREAS, the hunter normally pays the processing fee and more hunters would donate more venison to more needy families, if there were other sources of funds to pay the processing cost:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, First Regular Session, the Senate concurring therein, hereby call for the Missouri Department of Conservation and the Department of Social Services to develop a partnership with the private sector to provide funds to pay for the processing costs for those hunters who donate their venison to charity through the "Share the Harvest" program; and

BE IT FURTHER RESOLVED that the Department of Conservation actively promote the Share the Harvest Program in coordination with the Conservation Federation of Missouri and other organizations to provide additional awareness of the opportunities to donate processed venison to charitable organizations and the availability of funding of processing costs; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the directors of the Missouri Department of Conservation and the Department of Social Services.

## House Journal

First Regular Session, 90th General Assembly

SIXTY-THIRD DAY, Tuesday, May 4, 1999

Speaker Gaw in the Chair.

Prayer by Reverend Rudy Beard.

We know, O Lord, that You can see the hidden things in every heart. If we plan, or propose, or intend good, help us and encourage us so good may come. But if what we plan or intend is not for the good, then we pray, You will take it away and give us the spirit we ought to have, that we may do what we ought to do.

Bless our nation. Bless this state. Bless this House. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Ali Fretwell, Libby Stanley, Will Foss, Alan Fischer, Brittany Cohoon, Matt Swaters, Joe Harris, Kelly Bauer, Brittany Hart, Logan Thorp, Sam Spears, Nathan Dunn, Lauren Dunn and Dustin Dunn.

#### *House Amendment No. 1*

AMEND House Substitute for House Committee Substitute for Senate Bill No. 399, Page 25, Section 163.011, Line 21, by inserting immediately after said line the following:

[163.031. 1. School districts which meet the requirements of section 163.021 shall be entitled to an amount computed as follows: an amount determined by multiplying the number of eligible pupils by the district's equalized operating levy for school purposes as defined in section 163.011 multiplied by the guaranteed tax base per eligible pupil times the proration factor. For the purposes of this section, the proration factor shall be equal to the sum of the total appropriation for distribution under subsections 1 and 2 of this section; and the state total of the deductions as calculated in subsection 2 of this section which do not exceed the district entitlements as adjusted by the same proration factor; divided by the amount of the state total of district entitlements before proration as calculated pursuant to this subsection.

2. From the district entitlement for each district there shall be deducted the following amounts: an amount determined by multiplying the district equalized assessed valuation by the district's equalized operating levy for school purposes times the district income factor plus ninety percent of any payment received the current year of protested taxes due in prior years no earlier than the 1997 tax year minus the amount of any protested taxes due in the current year and for which notice of protest was received during the current year; one hundred percent of the amount received the previous year for school purposes from intangible taxes, fines, forfeitures and escheats, payments in lieu of taxes and receipts from state assessed railroad and utility tax, except that any penalty paid after July 1, 1995, by a concentrated animal feeding operation as defined by the department of natural resources rule shall not be included; one hundred percent of the amounts received the previous year for school purposes from federal properties pursuant to sections 12.070 and 12.080, RSMo; federal impact aid received the previous year for school purposes pursuant to P.L. 81-874 less fifty thousand dollars multiplied by ninety percent or the maximum percentage allowed by federal regulation if that percentage is less than ninety; fifty percent, or the percentage otherwise provided in section 163.087, of Proposition C revenues received the previous year for school purposes from the school district trust fund pursuant to section 163.087; one hundred percent of the amount received the previous year for school purposes

from the fair share fund pursuant to section 149.015, RSMo; and one hundred percent of the amount received the previous year for school purposes from the free textbook fund, pursuant to section 148.360, RSMo.

3. School districts which meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. There shall be individual proration factors for each categorical entitlement provided for in this subsection, and each proration factor shall be determined by annual appropriations, but no categorical proration factor shall exceed the entitlement proration factor established pursuant to subsection 1 of this section, except that the vocational education entitlement proration factor established pursuant to line 16 of subsection 6 of this section and the educational and screening program entitlements proration factor established pursuant to line 17 of subsection 6 of this section may exceed the entitlement proration factor established pursuant to subsection 1 of this section. The categorical add-on for the district shall be the sum of: seventy-five percent of the district allowable transportation costs pursuant to section 163.161 multiplied by the proration factor; the special education approved or allowed cost entitlement for the district, provided for by section 162.975, RSMo, multiplied by the proration factor; seventy-five percent of the district gifted education approved or allowable cost entitlement as determined pursuant to section 162.975, RSMo, multiplied by the proration factor; the free and reduced lunch eligible pupil count for the district, as defined in section 163.011, multiplied by twenty percent times the guaranteed tax base per eligible pupil times the minimum value for an operating levy for school purposes as provided in section 163.011 times the proration factor; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515, RSMo, multiplied by the proration factor; the vocational education entitlement for the district, as provided for in section 167.332, RSMo, multiplied by the proration factor and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699, RSMo, times the proration factor.

4. Each district's apportionment shall be the prorated categorical add-ons plus the greater of the district's prorated entitlement minus the total deductions for the district or zero.

5. (1) In the 1993-94 school year and all subsequent school years, pursuant to section 10(c) of article X of the state constitution, a school district shall adjust upward its operating levy for school purposes to the extent necessary for the district to at least maintain the current operating expenditures per pupil received by the district from all sources in the 1992-93 school year, except that its operating levy for school purposes shall not exceed the highest tax rate in effect subsequent to the 1980 tax year, or the minimum rate required by subsection 2 of section 163.021, whichever is less.

(2) Beginning with the 1993-94 school year, the revenue per eligible pupil received by a district from the following sources: line 1 minus line 10, or zero if line 1 minus line 10 is less than zero, plus line 14 of subsection 6 of this section; plus the product of the current assessed valuation of the district multiplied by the following tax rate - the greater of zero or the minimum rate required by subsection 2 of section 163.021 minus the district's equalized operating levy for school purposes for 1993, shall not be less than the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount. The department of elementary and secondary education shall make an addition in the payment amount of line 19 of subsection 6 of this section to assure compliance with the provisions contained in this section.

(3) For any school district which meets the eligibility criteria for state aid as established in section 163.021, but which under subsections 1 to 4 of this section, receives no state aid for two successive school years, other than categorical add-ons, by August first following the second such school year, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, RSMo. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school district related to the authority of the state board of education to classify school districts pursuant to section 161.092, RSMo, and such other rules as determined by the commissioner of education, except that such waivers shall not include the provisions established pursuant to sections 160.514 and 160.518, RSMo.

(4) In the 1993-94 school year and each school year thereafter for two years, those districts which are entitled to receive state aid under subsections 1 to 4 of this section, shall receive state aid in an amount per eligible pupil as provided in this subsection. For the 1993-94 school year, the amount per eligible pupil shall be twenty-five percent of the amount of state aid per eligible pupil calculated for the district for the 1993-94 school year pursuant to subsections 1 to 4 of this section plus seventy-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1993-94 school year pursuant to subsections 1 to 4 of this section. For the 1994-95 school year, the amount per eligible pupil shall be fifty percent of the amount of state aid per eligible pupil calculated for the district for the 1994-95 school year pursuant to subsections 1 to 4 of this section plus fifty percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1994-95 school year pursuant to subsections 1 to 4 of this section. For the 1995-96 school year, the amount of state aid per eligible pupil shall be seventy-five percent of the amount of state aid per eligible pupil calculated for the district for the 1995-96 school year pursuant to subsections 1 to 4 of this section plus twenty-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1995-96 school year pursuant to subsections 1 to 4 of this section. Nothing in this subdivision shall be construed to limit the authority of a school district to raise its district operating levy pursuant to subdivision (1) of this subsection.

(5) If the total of state aid apportionments to all districts pursuant to subdivision (3) of this subsection is less than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then the difference shall be deposited in the outstanding schools trust fund. If the total of state aid apportionments to all districts pursuant to subdivision (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools trust fund to the state school moneys fund to the extent necessary to

fund the district entitlements as modified by subdivision (4) of this subsection for that school year with a district entitlement proration factor no less than one and such transfer shall be given priority over all other uses for the outstanding schools trust fund as otherwise provided by law.

School districts which meet the requirements of section 163.021 shall be entitled to an amount computed as follows: an amount determined by multiplying the number of eligible pupils by the lesser of the district's equalized operating levy for school purposes as defined in section 163.011 or two dollars and seventy-five cents per one hundred dollars assessed valuation multiplied by the guaranteed tax base per eligible pupil times the proration factor plus an amount determined by multiplying the number of eligible pupils by the greater of zero or the district's equalized operating levy for school purposes as defined in section 163.011 minus two dollars and seventy-five cents per one hundred dollars assessed valuation multiplied by the guaranteed tax base per eligible pupil times the proration factor. For the purposes of this section, the proration factor shall be equal to the sum of the total appropriation for distribution under subsections 1 and 2 of this section; and the state total of the deductions as calculated in subsection 2 of this section which do not exceed the district entitlements as adjusted by the same proration factor; divided by the amount of the state total of district entitlements before proration as calculated pursuant to this subsection; provided that, if the proration factor so calculated is greater than one, the proration factor for line 1(b) shall be the greater than one or the proration factor for line 1(a) minus five-hundredths, and provided that if the proration factor so calculated is less than one, the proration factor for line 1(a) shall be the lesser of one or the proration factor for line 1(b) plus five-hundredths.

2. From the district entitlement for each district there shall be deducted the following amounts: an amount determined by multiplying the district equalized assessed valuation by the district's equalized operating levy for school purposes times the district income factor plus ninety percent of any payment received the current year of protested taxes due in prior years no earlier than the 1997 tax year minus the amount of any protested taxes due in the current year and for which notice of protest was received during the current year; one hundred percent of the amount received the previous year for school purposes from intangible taxes, fines, forfeitures and escheats, payments in lieu of taxes and receipts from state assessed railroad and utility tax, except that any penalty paid after July 1, 1995, by a concentrated animal feeding operation as defined by the department of natural resources rule shall not be included; one hundred percent of the amounts received the previous year for school purposes from federal properties pursuant to sections 12.070 and 12.080, RSMo; federal impact aid received the previous year for school purposes pursuant to P.L. 81-874 less fifty thousand dollars multiplied by ninety percent or the maximum percentage allowed by federal regulation if that percentage is less than ninety; fifty percent, or the percentage otherwise provided in section 163.087, of Proposition C revenues received the previous year for school purposes from the school district trust fund pursuant to section 163.087; one hundred percent of the amount received the previous year for school purposes from the fair share fund pursuant to section 149.015, RSMo; and one hundred percent of the amount received the previous year for school purposes from the free textbook fund, pursuant to section 148.360, RSMo.

3. School districts which meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. There shall be individual proration factors for each categorical entitlement provided for in this subsection, and each proration factor shall be determined by annual appropriations, but no categorical proration factor shall exceed the entitlement proration factor established pursuant to subsection 1 of this section, except that the vocational education entitlement proration factor established pursuant to line 16 of subsection 6 of this section and the educational and screening program entitlements proration factor established pursuant to line 17 of subsection 6 of this section may exceed the entitlement proration factor established pursuant to subsection 1 of this section. The categorical add-on for the district shall be the sum of: seventy-five percent of the district allowable transportation costs pursuant to section 163.161 multiplied by the proration factor; the special education approved or allowed cost entitlement for the district, provided for by section 162.975, RSMo, multiplied by the proration factor; seventy-five percent of the district gifted education approved or allowable cost entitlement as determined pursuant to section 162.975, RSMo, multiplied by the proration factor; the free and reduced lunch eligible pupil count for the district, as defined in section 163.011, multiplied by twenty percent, for a district with an operating levy in excess of two dollars and seventy-five cents per one hundred dollars assessed valuation, or twenty-two percent, otherwise times the guaranteed tax base per eligible pupil times two dollars and seventy-five cents per one hundred dollars assessed valuation times the proration factor plus the free and reduced lunch eligible pupil count for the district, as defined in section 163.011, times thirty percent times the guaranteed tax base per eligible pupil times the following quantity: ((the greater of zero or the district's operating levy for school purposes minus two dollars and seventy-five cents per one hundred dollars assessed valuation) times one or, beginning in the fifth year following the effective date of this section, the quotient of the district's fiscal instructional ratio of efficiency for the prior year divided by the fiscal year 1998 statewide average fiscal instructional ratio of efficiency, if the district's prior year fiscal instructional ratio of efficiency is at least five percent below the fiscal year 1998 statewide average) times the proration factor, minus court-ordered state desegregation aid received by the district for operating purposes; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515, RSMo, multiplied by the proration factor; the vocational education entitlement for the district, as provided for in section 167.332, RSMo, multiplied by the proration factor and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699, RSMo, times the proration factor.

4. Each district's apportionment shall be the prorated categorical add-ons plus the greater of the district's prorated entitlement minus the total deductions for the district or zero.

5. (1) In the 1993-94 school year and all subsequent school years, pursuant to section 10(c) of article X of the state constitution, a school district shall adjust upward its operating levy for school purposes to the extent necessary for the district to at least maintain the current operating expenditures per pupil received by the district from all sources in the 1992-93 school year, except that its operating levy for school purposes shall not exceed the highest tax rate in effect subsequent to the 1980 tax year, or the minimum rate required by subsection 2 of section 163.021, whichever is

less.

(2) The revenue per eligible pupil received by a district from the following sources: line 1 minus line 10 of subsection 6 of this section, shall not be less than the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount. The department of elementary and secondary education shall make an addition in the payment amount of line 19 of subsection 6 of this section to assure compliance with the provisions contained in this section.

(3) For any school district which meets the eligibility criteria for state aid as established in section 163.021, but which under subsections 1 to 4 of this section, receives no state aid for two successive school years, other than categorical add-ons, by August first following the second such school year, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, RSMo. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school district related to the authority of the state board of education to classify school districts pursuant to section 161.092, RSMo, and such other rules as determined by the commissioner of education, except that such waivers shall not include the provisions established pursuant to sections 160.514 and 160.518, RSMo.

(4) In the 1993-94 school year and each school year thereafter for two years, those districts which are entitled to receive state aid under subsections 1 to 4 of this section, shall receive state aid in an amount per eligible pupil as provided in this subsection. For the 1993-94 school year, the amount per eligible pupil shall be twenty-five percent of the amount of state aid per eligible pupil calculated for the district for the 1993-94 school year pursuant to subsections 1 to 4 of this section plus seventy-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1993-94 school year pursuant to subsections 1 to 4 of this section. For the 1994-95 school year, the amount per eligible pupil shall be fifty percent of the amount of state aid per eligible pupil calculated for the district for the 1994-95 school year pursuant to subsections 1 to 4 of this section plus fifty percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1994-95 school year pursuant to subsections 1 to 4 of this section. For the 1995-96 school year, the amount of state aid per eligible pupil shall be seventy-five percent of the amount of state aid per eligible pupil calculated for the district for the 1995-96 school year pursuant to subsections 1 to 4 of this section plus twenty-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1995-96 school year pursuant to subsections 1 to 4 of this section. Nothing in this subdivision shall be construed to limit the authority of a school district to raise its district operating levy pursuant to subdivision (1) of this subsection.

(5) If the total of state aid apportionments to all districts pursuant to subdivision (3) of this subsection is less than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then the difference shall be deposited in the outstanding schools trust fund. If the total of state aid apportionments to all districts pursuant to subdivision (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools trust fund to the state school moneys fund to the extent necessary to fund the district entitlements as modified by subdivision (4) of this subsection for that school year with a district entitlement proration factor no less than one and such transfer shall be given priority over all other uses for the outstanding schools trust fund as otherwise provided by law.

6. State aid shall be determined as follows:

"86.251. 1. The board of trustees may develop and establish a deferred retirement option plan (DROP) in which members eligible for retirement may participate. The DROP shall be designed to allow members with at least twenty years of service or who have attained the age of fifty-five who have achieved eligibility for retirement and are entitled to a service retirement allowance and other benefits to continue active employment and accumulate a deferred receipt of the service retirement allowance. No one shall participate in the DROP for a period exceeding five years.

2. Any member who has at least twenty years of service or has attained the age of fifty-five may elect in writing before retirement to participate in the DROP. A member electing to participate in the DROP shall continue in active employment and shall not receive any direct retirement allowance payments or benefits during the period of participation.

3. Upon the start of the participation in the DROP, the member shall cease to make any contributions to the system. No contribution shall be required by the city into the DROP account. During the period of participation in the DROP, the amount that the member would have received as a service retirement allowance if the member had retired shall be deposited monthly in the member's DROP account which shall be established in the member's name by the board of trustees. The member's service retirement allowance shall not be adjusted for any cost-of-living increases for any period prior to the member's retirement. Cost-of-living increases, if any, for any period following the member's retirement shall be applied only to monthly service retirement payments made following retirement. Service earned during the period of participation in the DROP shall not be creditable service and shall not be counted in determination of any service retirement allowance or widow's or dependents' benefits.

4. The member's return of contributions to the retirement system shall continue to be paid to the member or the member's widow pursuant to sections 86.253 and 86.288, within sixty days after the member's date of retirement and not the date of the conclusion of the member's participation in the DROP, unless such dates are the same.

5. A member shall cease participation in the DROP upon the earlier of the termination of the member's employment as a police officer or at the end of the five-year period commencing on the first day of the participation in the DROP. The member shall, upon the member's termination of employment, elect to receive the amount in the member's DROP account, including any accrued interest, in one of the following forms of payment:

(a) A lump sum payment; or

(b) Equal monthly installments over a ten-year period. Any interest earned pursuant to this section during the installment period shall be paid as soon as reasonably possible after the final monthly installment. Either form of payment should begin within thirty days after the member's notice to the board of trustees that the member has selected a particular option.

6. A member who has elected to participate in the DROP may not reenter the system in any fashion. At the conclusion of the member's participation in the DROP by reason of the expiration of the five-year period, if the member does not terminate the member's employment as a police officer in the city for which the retirement system was established pursuant to sections 86.200 to 86.363, the member shall continue not to have any percentage of the member's salary deducted for a contribution nor shall any of the member's employment period count as creditable service.

7. If a member dies prior to termination of employment while participating in the DROP or before the member has received full withdrawal of the amount in the member's DROP account under the installment optional payment form, the funds in the member's DROP account, including any accumulated interest, shall be payable to the member's widow; or, if the member is then unmarried, to the member's dependent children in equal shares; or, if none, to the member's dependent mother or father; or, if none, to the member's designated beneficiary or, if no such beneficiary is then living, the member's estate. Payment shall be made within sixty days after the retirement system is notified of the member's death.

8. If a member has elected to participate in the DROP and during such participation period applies for and receives benefits for an accidental disability retirement allowance [under] **pursuant to** the provisions of section 86.263, the member shall forfeit all rights, claims or interest in the member's DROP account and the member's benefits shall be calculated as if the member has continued in employment and had not elected to participate in the DROP. Any funds in a DROP account which have been forfeited as provided in this subsection shall become funds of the system.

9. A member's DROP account shall earn interest equal to the rate of return earned by the system's investment portfolio on a market value basis, including realized and unrealized gains and losses, net of investment expense, as certified by the system's actuary. As of the first day of each year, beginning with the second fiscal year of participation, the member's DROP account balance, determined as of the first day of such year, shall be credited with interest at the investment rate earned by the fund for the prior year. If distribution of the member's DROP account balance is completed during the year, interest shall be credited, based on the beginning balance for the year, in proportion to the part of the year preceding the date of final distribution. No interest shall be credited on amounts, if any, added to the member's DROP account during the year in which the distribution of the account is completed.

10. The board of trustees shall not incur any liability individually or on behalf of other individuals for any act or omission, made in good faith in relation to the DROP or funds of the DROP.

11. The DROP established by this section is subject to approval by the Internal Revenue Service. The provisions of the Internal Revenue Code and regulations promulgated thereunder shall supersede any DROP provision if there is any inconsistency with the Internal Revenue Code or regulation.

**12. Upon the receipt by the board of trustees of evidence and proof that the death of a member resulted from an event occurring while the member was in the actual performance of duty, and if the member is participating in the DROP, the member's widow or, if the member is then unmarried, the member's unmarried dependent children, may elect within thirty days after the member's death to have the amount in the member's DROP account paid in the form of a monthly survivor annuity. Payment of the survivor annuity shall begin within sixty days after the election is received. Payment to the member's widow shall continue until the widow's death; payment to the member's unmarried dependent children shall be made while any child qualifies as an unmarried dependent child pursuant to section 86.280. The survivor annuity shall be the actuarial equivalent of the member's DROP account as of the date payment begins. In no event shall the total amount paid pursuant to this subsection be less than the member's DROP account balance as of the date payment begins.**

86.253. 1. Upon retirement for service, a member shall receive a service retirement allowance which shall be equal to a fraction of the member's average final compensation multiplied by the number of years of the member's creditable service, which fraction for the year of retirement is one-fiftieth plus an amount equal to four percent of the average final compensation for each additional year of service after twenty-five years; **plus an additional five percent for service after thirty years;** but no service retirement allowance shall exceed an amount equal to [seventy] **seventy-five** percent of the average final compensation or the amount already accrued by the member as of August 1, 1979, whichever is greater.

2. If, at any time since first becoming a member of the retirement system, the member has served in the armed forces of the United States, in any war or period of armed hostilities between the armed forces of the United States and those of a foreign power, and has subsequently been reinstated as a policeman within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the armed forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence.

3. The service retirement allowance of each present and future retired member who retired from service after attaining age fifty-five or after completing twenty years of service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or widow of a deceased member for services as a special consultant under subsection 5 of this section or, if applicable, subsection 6 of this section. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit. Any annuity or retirement allowance paid to a member under this subsection shall be withdrawn from the police retirement system and no moneys shall be withdrawn from the general revenue fund of any city governed by sections 86.200 to 86.363.

4. In addition to any other annuity or retirement allowance payable under this section and section 86.250, a member, upon retirement, shall be repaid the total amount of the member's contribution to the retirement system, without interest. The board shall pay the retired member such total amount of the member's contribution to the retirement system within sixty days after such retired member's date of retirement. Any annuity or retirement allowance repaid to a member under this subsection shall be withdrawn from the police retirement system and no moneys shall be withdrawn from the general revenue fund of any city governed by sections 86.200 to 86.363.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services he or she shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, shall, unless the provisions of subsection 6 of this section apply, total [five] **six** hundred fifty dollars a month[, effective August 28, 1993]; except that a surviving spouse of a deceased member who is employed as a special consultant shall, unless the provisions of subsection 6 of this section apply, receive compensation for the person's services as a special consultant of not less than [five] **six** hundred fifty dollars a month[, effective August 28, 1993]. This compensation shall be paid by the retirement system from funds of the retirement system, and this employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

6. The compensation granted retirees and surviving spouses of deceased members under subsection 5 of this section shall be decreased by one hundred fifty dollars per month upon the issuance of an opinion by the Missouri supreme court which would result in the state of Missouri being obligated or required to pay such additional one hundred fifty dollars per month even though such additional compensation is formally approved or authorized by the appropriate body of any city governed by sections 86.200 to 86.363.

86.254. 1. Beginning July 1, 1994, in addition to any other annuity, benefits, or retirement allowance provided pursuant to sections 86.200 to 86.363, each present and future retired member after attaining the age of sixty years shall, upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters, for the remainder of [his] **the retired member's** life, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

2. For the performance of duties required in subsection 1 of this section, each retired member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the retired member is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually. No funding shall be required prior to the effective date of this benefit.

**3. Beginning October 1, 1999, in addition to any other benefit provided to any widow pursuant to sections 86.200 to 86.363, each present and future widow of a member after attaining the age of sixty years shall upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters for the remainder of the widow's life, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.**

**4. For the performance of duties required in subsection 3 of this section, each widow of a member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the widow is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually.**

86.256. 1. In no event shall a member's annual benefit paid under the plan established pursuant to sections 86.200 to 86.363, exceed the [lesser of:

(1) The] amount specified in section 415(b) of the Internal Revenue Code, as adjusted for any applicable increases in the cost of living, as in effect on the last day of the plan year, including any increases after the member's termination of employment[; or

(2) One hundred percent of the average taxable compensation of the member for the member's high three consecutive calendar years as provided in section 415(b) of the Internal Revenue Code, including any cost-of-living increases after the member's termination of employment].

2. In no event shall the annual additions to the plan established pursuant to sections 86.200 to 86.363, on behalf of the member, including the member's own contributions, exceed the lesser of:

(1) Twenty-five percent of the member's compensation, as defined for purposes of section 415(c) of the Internal Revenue Code; or

(2) Thirty thousand dollars, as adjusted for increases in the cost of living.

**3. Effective for limitation years beginning prior to January 1, 2000,** in no event shall the combined plan limitation of section 415(e) of the Internal Revenue Code be exceeded; provided that, if necessary to avoid exceeding such limitation, the member's annual benefit under the plan established pursuant to sections 86.200 to 86.363, shall be reduced to the extent necessary to satisfy such limitations.

4. For purposes of this section, section 415 of the Internal Revenue Code, including the special rules under section 415(b) applicable to governmental plans and qualified participants in police and fire department plans, is incorporated in this section by reference.

86.260. 1. Upon retirement for ordinary disability a member shall receive a service retirement allowance if the member has attained the age of fifty-five or completed twenty years of service; otherwise the member shall receive an ordinary disability retirement allowance which shall be equal to ninety percent of the member's accrued service retirement in section 86.253, but not less than one-fourth of the member's average final compensation; provided, however, that no such allowance shall exceed ninety percent of the member's accrued service retirement benefit based on continuation of the member's service to the age

3. **Any member receiving benefits pursuant to the provisions of this section immediately prior to October 1, 1999, shall upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters while the member is receiving such benefits, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required. Beginning October 1, 1999, for such services as may be required, there shall be payable an additional monthly compensation of one hundred dollars or five percent of the member's average final compensation, whichever is greater, for each unmarried dependent child of the member, but not in excess of a total of three children.**

4. Any benefit payable to or for the benefit of a child or children under the age of eighteen years [under] **pursuant to** the provisions of [subsection 2] **subsections 2 and 3** of this section shall continue to be paid beyond the age of eighteen years through the age of twenty-two years in those cases where the child is a full-time student at a regularly accredited college, business school, nursing school, school for technical or vocational training, or university, but such extended benefit shall cease whenever the child ceases to be a student. (3) If no widow benefits are payable [under subdivision (1)] **pursuant to subdivisions (1) and (2)** of this section, such total pension as would have been paid [under subdivision (1)] **pursuant to subdivisions (1) and (2)** of this section had there been a widow shall be divided among the unmarried dependent children under age eighteen and such unmarried dependent children, regardless of age, who are totally and permanently mentally or physically disabled and incapacitated from engaging in a gainful occupation sufficient to support themselves.
